These figures have been entered in the Budget of the Government.

8. The total amount of the Government, which is to be collected for the support of the new and improved schools, is Rupees 10,000.

9. The amount of the Government, which is to be collected for the support of the new and improved schools, is Rupees 10,000.

10. The amount of the Government, which is to be collected for the support of the new and improved schools, is Rupees 10,000.

11. The amount of the Government, which is to be collected for the support of the new and improved schools, is Rupees 10,000.

*Proceedings of the Madras Government, Financial Department,
10th June 1873.*

12. GRANT II., EDUCATION.—The allotment for payment for Inspection has been raised from Rupees 2,960 to Rupees 3,170, as hereunder particularized:—

	Rs.
1 Deputy-Inspector of Schools	1,200
Office allowance	280
Travelling allowance	780
	2,260
	1,508
1 Inspecting Schoolmaster at 30 x 12	360
2 Do. do. at Rs. 25 each=50 x 12	600
3 Do. do. at „ 4½ each (office allowance)=13½ x 12	162
3 Do. do. at „ 15 each (Batta)=45 x 12	540
Total...	3,170

13. The provision of Rupees 1,750 under (c) Union Schools, Miscellaneous, is intended for cleansing the towns of Proddatur and Jummalamadugu. It should appear under Grant III., and has accordingly been added to the allotment for (d) Sanitary establishments, etc.

14. GRANT III., SANITATION, ETC.—There is a provision of Rupees 2,500 for opening a Dispensary at Proddatur, which the Circle Board consider to be necessary “for the treatment of patients coming from the several villages of that taluq. and also those from the neighbouring taluqs of Jummalamadugu and Pulivendla.” The Inspector-General, Indian Medical Department, points out that the sum of Rupees 500 set apart for the purchase of medicines and medical apparatus is too small for the equipment of a new Hospital, but does not say how much will be required. The Board have, however, raised the allotment to Rupees 1,000.

15. The provision of Rupees 11,500 for (d) Sanitary establishments, etc., has been raised to Rupees 13,250 as noticed above. The Sanitary Commissioner points out that while a liberal provision of Rupees 12,698 is made for the Scavengering and Sanitary establishments of the eight towns of the Circle detailed in Statement IV.-B, besides an additional sum of Rupees 552 for unforeseen charges, there is nothing provided for the cleaning of the villages generally. The attention of the President is called to this point.

16. There is a contribution of Rupees 2,400 for the Civil Dispensary at Cuddapah against Rupees 1,600 provided in the current year's budget and in that of the previous year, in accordance with G. O., Public Department, dated 17th April 1871, No. 491. The necessity for the increased contribution to the Municipality is not explained. The Inspector-General, Indian Medical Department, states that the net expenses of the institution in 1871 amounted to Rupees 6,003, and presuming that they will be nearly the same in 1873-74 points out that the contribution of Rupees 2,400 plus Rupees 3,470, the interest on invested capital, will very nearly cover the entire charges leaving little or no balance to be debited to the Municipality. In the absence of any explanation for the contribution of Rupees 800 in excess of that fixed by Government the Board have retained the authorized amount, viz., Rupees 1,600.

17. STATEMENT IV.—In this statement the transactions of the Proddatur Dispensary should not have been shown, as it is not an endowed institution.

18. GRANT IV., MISCELLANEOUS.—Provision is made for a Clerk on Rupees 20 a month required to assist the Collector's Account Department in the preparation of the Local Fund accounts.

*Proceedings of the Madras Government, Financial Department,
10th June 1873.*

19. It is proposed to raise the salary of the Circle Board's Clerk from Rupees 30 to 40, and to entertain a Peon on Rupees 7 per mensem for the Circle office. The necessity for raising the salary of the Local Board's Clerk is not apparent. The Board of Revenue recommend Government to sanction the entertainment of a Clerk for the Account Department, and of a Peon for the Circle office from the commencement of the ensuing official year. The salary of the Clerk will be distributed between the two Circles in the ratio of their respective assets.

20. An abstract of the budget as revised by the Board is as follows:—

MADANAPALLY CIRCLE

21. STATEMENT I.-A., RECEIPTS.—The Local Fund total assets of the Circle are estimated at Rupees 1,17,040.

22. The Circle Board do not intend to form any Unions until the Results grants for P. I. Schools have been tried for one year, and some idea formed of the state of education in the Circle.

23. GRANT I., PUBLIC WORKS., STATEMENT II., ROAD FUND RECEIPTS AND EXPENDITURE.—The total expected receipts of the Road Fund are entered as Rupees 93,150. To this Rupees 30, being the miscellaneous receipts under Special Funds, has been added instead of to the General Fund as in the general budget. This raises the Road Fund assets to Rupees 93,180.

24. The total proposed expenditure by the Public Works Department is Rupees 64,240, and the cost of Public Works Supervision at 26.0842 per cent. is Rupees 16,750, of which Rupees

*Proceedings of the Madras Government, Financial Department,
10th June 1873.*

15,710 are chargeable to the Road Fund and the remainder, Rupees 1,040, to the General Fund.

25. A much larger provision than one per cent. on the estimated expenditure is provided on account of "Tools and Plant," it being absolutely necessary for the road works.

26. STATEMENT II.-A., PART I., NEW WORKS.—Part I. contains four unsanctioned works, with a total assignment of Rupees 12,870. The first and third appear under repairs in the current year's budget. It is proposed to erect a Hospital and Dispensary at Madanapally, as the present building is not adapted for the purpose.

27. PART II., REPAIRS.—Part II. contains fourteen items, with an aggregate assignment of Rupees 52,350. It will be observed that most of the maintenance grants have either been raised or reduced.

28. GRANTS II. AND III.—None of the items under these grants seem to call for remark.

29. GRANT IV., MISCELLANEOUS.—The share of the cost of the Collector's Clerk chargeable to the Circle, Rupees 110, has been inserted.

No. 80. ORDER THEREON, 10th June 1873, No. 810.

With their Proceedings above recorded, the Board of Revenue submit the Local-Fund Budgets of the Cuddapah and Madanapally Circles for 1873-74.

*Proceedings of the Madras Government, Financial Department,
10th June 1873.*

2. CUDDAPAH.—The statement given below shows the estimates for 1873-74 compared with those for 1872-73 :—

3. In the statements submitted column 3 (estimate for 1872-73) has not been correctly filled up. The details under Grant I. do not correspond with the total, and the closing balances are taken from the Budget Statement, although the opening balances have been reduced—apparently to correspond with the actuals.

4. The gross estimated receipts for 1873-74 are very much the same as in 1872-73. A safe estimate appears to have been taken in the item "Cess on land." The Local-Fund Board have determined that no fees shall be collected in their schools; but, as the House-tax must disappear from the budget under recent orders, the altered circumstances of the case seem to call for a reconsideration of the decision. The schools must now be supported from the General Funds of the circle with which the existing Union Funds may be merged.

5. The variations between the sums appropriated for New Works and Repairs in the Budget for 1872-73 and that for 1873-74 are owing chiefly to a number of items in the former budget appearing under "Repairs," though really devoted to New Works. The President remarks that several works have been struck out for want of funds, but does not specify them, nor state whether they are of an urgent nature. The addition to the establishment recommended by the Board of Revenue is sanctioned, as well as the increase to the pay of the Local-Fund Clerk disallowed by the Board of Revenue in the Proceedings now under review, but subsequently approved by them in their Proceedings embodied with G. O., dated 14th May 1873, No. 668.

*Proceedings of the Madras Government, Financial Department,

6. The reason for disregarding Rule 29 in the case of the Pulivendala Taluk should have been explained.

9. The opening balance shown is very high, but from the reasons assigned it does not appear to have been over-estimated. The report for 1872-73 will doubtless

contain a satisfactory explanation of the Range Officer's inability to utilize the funds placed at his disposal. The other items of receipts call for no remark. The large opening balance has enabled the Commissioners to increase considerably the allotments for Public Works, and the Government presume that these have not been made without reasonable ground for believing that the difficulty in utilizing the funds is not likely to recur in the ensuing year. The budget is passed as submitted by the Board of Revenue.
