No. 279. ORDER THEREON, 17th October 1873, No. 2,544.

IRRIGATION, No. 23.

COMMUNICATED to the District Engineer, Kurnool.

2. As remarked by the Board of Revenue the surrender of so large a portion of the allotment made for irrigation repairs in a district like Kurnool where the want of efficient irrigation works is so severely felt must be regarded as very unsatisfactory. The Chief Engineer for Irrigation will carefully watch the expenditure during the current year and take such measures as may appear necessary to prevent the recurrence of a similar result.

3. The subject of the short outlay under Civil Buildings has already come under review,* and His Excellency the Governor in Council confidently expects that, with improved arrangements, the requirements of the district in this respect will be better attended to under the present local administration.
