Dated	<u>21. 3</u>	<u>18/3</u> 196

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
18th March 1873.*

No. 436. Read the following letter from the District Engineer, Kistna, to the Secretary to Government, Public Works Department, dated Camp at Sandole, 15th February 1873, No. 31:—

With reference to paragraph 4 of G. O. No. 265 of 27th ultimo, I have the honour to report that a scheme for supplying the lands in Divi Parganah with ancient water by means of an aqueduct near Avenagudda is now under consideration and will be included in the Eastern Delta Project. In the meantime the estimate* sanctioned in G. O. No. 2,385, dated 19th September 1871, for the construction of make-shift head-slues for regulating the supply of water to the tanks is being proceeded with; but, in consequence of there being no boats in the Kistna for hire, and only two Government boats available below the ancient, the work is in very slow progress, and part of the allotment has had to be given up.

* Rupees 6,700.

† Rupees 4,000.

No. 437. ORDER THEREON, 18th March 1873, No. 847.

IRRIGATION, No. 19.

ORDERED to be recorded.

(True Extract.)

W. H. L. L.
