MISCELLANEOUS No. 5135 REVENUE DEPARTMENT.

PROCEEDINGS OF THE BOARD OF REVENUE.

Dated 14th August 1873.

Read the following

From

No 364

W. R. Cornish Esqre C.S. M.C.S.
Sanitary Commissioner
in charge of the Census Office
Madras.

To

The Secretary to the
Board of Revenue.
Madras.

SIR,

The Board not having as yet decided about the arrangements to be made for printing the village returns of population &c referred to in my letter of 5th June 1872 the work is now progressing but slowly. The printing of these returns commenced about the beginning of June last and up to date the caste lists of Cuddapah & about one-fourth of the occupation lists of the same district have been printed.

Hitherto I have been able to spare only one Accountant on Rs 25 a month to examine the proofs from the press. The Statistical Department is now fully engaged in preparing the detailed lists of population under each minor caste and occupation for each District, to accompany the General Report, besides having to revise the Village returns and get them ready for the press.

There should be a separate Establishment for the correction of these proofs

otherwise

otherwise the work cannot be done expeditiously. For the present there should be at least three clerks employed at a cost of Rs 60 per month. Should it be decided by the Board that a portion of the work may be given to private presses, the establishment will have to be increased as a greater number of persons in proportion will be required. I may here note that within a month or two, the present number of clerks in the Statistical Department viz 20 clerks on 17½ Rs each, will be much reduced.

× 1 clerk at Rs 25 = 25
2 do — 15 = 30
