MADRAS RECORD OFFICE

GOVERNMENT OF MADRAS

REVENUE DEPARTMENT

G.O. No. 149
B.P. No. Press
Mis.

Dated 28. 2. 1873 196 .

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
23th February 1873.*

Read the following telegrams:—

From Deputy-Collector of Kistna, Masulipatam, to Secretary to Government, Revenue Department, Madras, dated 26th February 1873.

No rain. Water-supply enough. One foot water over anicut. Later dry crops suffering from grub in some taluqs. Outturn from $\frac{1}{2}$ to $\frac{3}{4}$. Prices slightly fallen in Repalli, Narasaravupett; risen in Bapatla, Vinukonda. Small-pox and fever slightly fatal. Cattle-disease fatal in some taluqs. Pasture insufficient in five taluqs. Markets well supplied locally.

From Collector of Kurnool, to Secretary to Government, Revenue Department, Madras, dated 26th February 1873.

No rain. Season tolerable. Dry crops generally failed throughout the district. Second crop paddy in Sirwell and Ramalkota good. Markets tolerably supplied. Prices risen. Fever in all the taluqs, except Sirwell. Dengue disappeared in Pattikonda, but exists in some villages of Ramalkota. Cattle generally unhealthy. Pasture and water sufficient. No water over Sunke-sala anicut.

From Treasury Deputy-Collector, Tanjore, to Secretary to Government, Revenue Department, Madras, dated 26th February 1873.

RAIN at Negapatam decimal 13 inches; at some other places scanty; rivers low; no fresh supply to tanks. Standing crops generally good, but in places injured by the late unseasonable rain. Harvest of Sembapeshanam and some dry crops in progress; yield fair. Pasture ample. Markets well supplied. Prices stationary. Public health good on the whole. Cattle healthy.

From Collector of Trichinopoly, to Secretary to Government, Revenue Department, Madras, dated 26th February 1873.

SLIGHT rain on 19th. Everywhere except in Udaiyarpalaiyam water-supply sufficient. Condition of crops generally good, but dry crops, especially in one taluq, reported to be injured by rain. Yield of crops stated to be below the average; in some cases much below. Market sufficiently supplied. Price of rice decreasing; of dry grain increasing slightly. Public health good, except for small-pox in Trichinopoly and a mild type of fever in two other taluqs. Condition of cattle generally good. Murrain in a mild form in some villages. Pasture sufficient.

ORDER THEREON, 28th February 1873, No. 149.

COMMUNICATED to the Board of Revenue.

(True Extract.)

Acting Under-Secretary to Government

To the Board of Revenue.

„ the Sanitary Commissioner.

„ the Inspector-General, Indian Medical Department.

„ the Chief Engineer for Irrigation:

Exd. F. R. Bantleman.

From Collector, Trichinopoly To Secretary to Government
and in the Revenue Department
Address Trichinopoly Address Madras
The following is a summary of the reports received from the District Officers of the Madras District regarding the condition of the crops and the state of the weather during the month of May 1873.
The weather was generally dry and hot, with occasional showers of rain. The crops are generally good, but the yield of rice is below the average in some cases. The price of rice is decreasing, and the price of dry grain is increasing slightly. The public health is good, except for a small number of cases of fever in Trichinopoly and a mild type of fever in other parts of the district. The condition of the cattle is generally good, and the pasture is sufficient.
