Dear Sir,

With reference to your Telegram of the 19th Inst – postponing my privilege Leave (which I observe is gazetted in Gazette of 18th Inst.) "for the present", I beg to inform you that I have been very unwell for the last 2 or 3 months suffering from rushes of blood to the head; flushings of the face, & other disagreeable sensations. The Doctor here, is of opinion that the Kurnool Climate has affected my nervous system; & that to recover tone I require a change to the Hills. Nor does he think it safe for me to remain in Kurnool during the approaching Hot Weather (April & May) – Under these circumstances, altho' I am aware the District is denuded in a measure of its Officers – I hope you will be able to make arrangements to permit of my availing myself of my Leave by the middle of April at latest (if I cannot take it earlier) – as

otherwise I fear I shall be compelled to send in a Medical Certificate - Mr Hope has written to say he will be here on the 27th Inst. after which date Mr Turner will leave - Had I not applied for privilege Leave - it is possible I might have been promoted to fill Mr Turner's place; but the fact that I have elected to do so; & thus probably forfeited my present chances of promotion; will, I trust, assure you that my illness is no pretence -

I have suffered from repeated attacks of fever since I have been here - & 15 months of the high Temperature of this extremely hot climate - coupled with its close & breezeless atmosphere - have told upon my constitution considerably - I should therefore feel very much obliged if in regulating the promotions of my term - you could kindly allow me the option of a coast, or other District within the influence of the Sea Breeze

as an inland District does not seem to suit my constitution at all. Cuttack is very little better than Pooree. Rumour as regards climate but a Relief or Canal District; either would suit me very well. —

Trusting you will excuse my troubling you with my wishes before you; but as I presume you are I presume Govt. work like to know the wishes of its servants, and be happy to meet them as far as possible, I am I believe 7 stand next on the list for promotion. I have ventured thus to lay them before you. — Trusting you will excuse my troubling you;

I remain, Sir,
Your faithfully obedient Servant
Charles R. Broadfoot Lieut
