No. 7. Read the following Proceedings of the Board of Revenue, dated 14th December 1872, No. 2,386 :—

Read the following letter from J. B. PENNINGTON, Esq., Acting Collector of Trichinopoly, to the Secretary to the Board of Revenue, dated 25th November 1872, No. 243 :—

I HAVE the honour to solicit the advice of the Board on the following subject.

2. The Sub-Magistracies of Trichinopoly Town and Manaparei are both 1st class, whilst that of Lalgudi is only 2nd class. But the Sub-Magistrates of Manaparei and Lalgudi are also Sub-Registrars of Assurances, and as such draw respectively about Rupees 13 and Rupees 60 per mensem in addition to their substantive salaries; so that of the three appointments Lalgudi is the best in a pecuniary point of view, Manaparei the next best, and the Town of Trichinopoly infinitely the worst.

3. Now Manaparei is a place of very little importance, and the work is very light, the cases averaging 150 for the last three years, and the appeals from Sub-Magistrate's decisions 2 per cent.

4. The Town and Lalgudi on the contrary are both very important charges, the average number of cases being 844 and 222 respectively.

5. I have just been compelled to suspend the Sub-Magistrate of Manaparei, and he is not likely to be reinstated; so that the present is a favourable opportunity for reducing the appointment to the 2nd class, Lalgudi being at the same time raised to the 1st class. I could then appoint Muttukumarasami Pillai (a deserving officer) to the Sub-Magistracy of Lalgudi without appearing to degrade him, and so give him a little extra pay. I have already removed Srinivasa Aiyangar from Lalgudi where he has been too long, and has secured a very evil notoriety, and the post is at present vacant.

6. If the Board consider these proposals reasonable, I should be much obliged by their submitting them for the favourable consideration of Government.

SUBMITTED for the favourable consideration of Government.

2. Manaparei was classed above Lalgudi because its population was much greater when Government Order, 16th November 1860, No. 2,160, was passed. The Collector gives no statistics as to the importance of the two divisions, but shows that the Sub-Magistrate's work at Lalgudi is far harder than at Manaparei.

No. 8. ORDER THEREON, 6th January 1873, No. 4.

Miscellaneous.

THESE proposals are sanctioned.
