MADRAS RECORD OFFICE

GOVERNMENT OF MADRAS

Revenue DEPARTMENT

G.O. No. / B.P. No.	163	Press / Mis.
Dated	27th Sepr 1873	196 .

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department, 27th September 1873.

Read the following telegrams :—

From Collector of Kistna District, Masulipatam, to Acting Secretary to Government, Revenue Department, Ootacamund, dated 24th September 1873.

RAIN 2 cents. at Masulipatam ; from one to two inches elsewhere, but very partial ; none at Sattanapalli or Vinukonda. Four feet over anicut. Canals' supply insufficient. Some tanks received slight supplies. Paddy transplanting in Bezwada, Repalli. Dry paddy, jonna, cotton sowing elsewhere. Standing crops on the whole fair. Only one-third of the ordinary cultivation of the district has been undertaken. Prices stationary, with tendency to rise. Mild small-pox prevails generally. Fever and guinea-worm in some taluqs. No cattle-disease in three taluqs ; slight elsewhere. Pasture barely sufficient ; scarce in Bapatla and Vinukonda. Markets generally well supplied locally, grain being imported into Bapatla and Sattanapalli.

From Acting Collector of Kurnool, to Acting Secretary to Government, Revenue Department, Ootacamund, dated 24th September 1873.

RAIN 2·84 inches on four days in Kurnool ; partial rain most taluqs. Standing crops recovering. Season slightly improving in Koilkuntla and Sirwell ; but prices continue high. Cattle-disease in Ramalkota and Markapur. Dengue in Kurnool and Nandikotkur Taluqs. Fever in Nandial. 1·2 feet of water yesterday over Sunkesala anicut.

From Treasury Deputy-Collector of Tanjore, to Acting Secretary to Government, Revenue Department, Ootacamund, dated 24th September 1873,

RAIN at Negapatam 2 decimal 6 inches ; tolerably good elsewhere. More rain wanted. Freshes in rivers. Supply to tanks moderate. Water over upper anicut none ; lower north branch 9½ inches ; south 8½ inches. Cultivation progressing. Standing crops benefited by the late rain. In some parts not thriving. Some dry crops harvested. Outturn below average. Pasture insufficient. Markets well supplied. Prices inclined to rise. Public health—small-pox in some parts. Cattle healthy on the whole.

From Collector of Trichinopoly, to Acting Secretary to Government, Revenue Department, Ootacamund, dated 24th September 1873.

RAIN throughout the district. Water-supply generally sufficient, except in dry villages where also the condition of crops is not good. Outturn in three taluqs reported below the average. Markets well supplied. Prices stationary. Public health good, except for small-pox and fever in Trichinopoly. Condition of cattle good. Pasture scanty in the dry villages.

From Collector of Malabar, Calicut, to Acting Secretary to Government, Revenue Department, Ootacamund, dated 24th September 1873.

RAIN-fall 0·26 inch. Outturn of first and the growth of second crops unsatisfactory owing to unseasonable rain. Small-pox and fever slightly prevalent. Pasture good. Cattle healthy. Prices falling.

ORDER THEREON, 27th September 1873, No. 163.

COMMUNICATED to the Board of Revenue.

(True Extract.)

(Signed) J. STURROCK,
Acting Under-Secretary to Government.

To the Board of Revenue.
,, the Sanitary Commissioner.
,, the Chief Engineer for Irrigation.
,, the Inspector-General, Indian Medical Department.
