Read the following:—

No. 67. Proceedings of the Board of Revenue, dated 22nd October 1872, Miscellaneous No. 7,060.

Read the following letter from the Acting Collector of the Kistna District, to the Secretary to the Board of Revenue, dated Bapatla, 14th September 1872, No. 2,372.

With reference to Board's Miscellaneous Proceedings No. 3,018, dated 25th April 1872, calling for my report on the suggestion of Government in paragraph 7 of their Order dated 18th idem, No. 627, I have the honour to report that the Superintending Engineer, 2nd Division, protests* against the transfer of any portion of the Nanal Grass Funds to Godavery District. He suggests that it may be well employed in this district for the construction of certain groynes in the river-bed, for the construction of which an estimate of Rs. 3,280 has already been countersigned by me. I agree with him that it can be rightly charged to Nanal Grass Funds.

* Copy enclosed.

2. The balance of Nanal Grass Fund up to the end of July 1872 is Rs. 6,523. I request the Board will be pleased to sanction the payment of Rs. 3,280 from that Fund, and place that sum at the disposal of Department Public Works through the Accountant-General.

Before passing orders on the foregoing letter the Acting Collector is requested to submit for sanction the estimate, amounting to Rs. 3,280.

No. 68. Proceedings of the Board of Revenue, dated 11th December 1872, Miscellaneous No. 8,194.

Read the following letter from the Acting Collector of the Kistna District, to the Secretary to the Board of Revenue, dated Masulipatam, 8th November 1872, No. 2,711.

Referring to Miscellaneous Proceedings No. 7,060 of 22nd October 1872, I have the honour to forward herewith copy of an estimate for Rs. 3,280, which I originally countersigned and passed under "Agricultural Repairs."

The Board observe that the estimate, amounting to Rs. 3,280, was originally passed under "Agricultural Repairs," and therefore they are at a loss to understand why the cost of the work should now be met from the Nanal Grass Fund of the district. The Acting Collector will explain.

No. 69. Proceedings of the Board of Revenue, dated 31st January 1873, Miscellaneous No. 583.

Read again Board's Proceedings dated 22nd October 1872, Miscellaneous No. 7,060, and 11th December 1872, Miscellaneous No. 8,194.

Read also the following letter from the Acting Collector of the Kistna District, to the Secretary to the Board of Revenue, dated Masulipatam, 10th January 1873, No. 52.

ADVERTING to Miscellaneous No. 8,194, dated 11th December 1872, I have the honour to refer you to my letter No. 2,372 of 14th September 1872, and to copy of the Superintending Engineer's letter accompanying it. Colonel Moberly originally submitted an estimate (for sanction as agricultural repair) for some groynes to be constructed in the river at a cost of Rupees 3,280. This was passed by me. On the receipt subsequently of Government Order No. 627 of 18th April last, Revenue Department, Colonel Moberly told me he became aware that there was an available balance under "Nanal Grass," and therefore proposed that the estimate for the groynes should be met from that balance. As they will consist of mere earth-work and grass it seemed to me that it could be charged to that head.

THE Board doubt whether the construction of groynes is a proper charge on the Nanal Grass Fund instead of against Agricultural Repairs, and resolve to submit the question for the orders of Government.

No. 70. ORDER THEREON, 11th February 1873, No. 167.

Miscellaneous.

THE groynes alluded to in the Board's Proceedings above recorded may be constructed from the Nanal Grass Fund. They are required "for the protection of the Kistna anicut and the regulation of its bed," and it will be seen from paragraphs 5 and 7 of the Order of Government dated 18th April 1872, No. 627, that conservancy of irrigation works is one of the chief objects of this fund.

Read also the following:—

No. 52.

From G. D. Leyeune Esqre
Acting Collector of the Kistna District

To J. Reade Esqre
Secretary to the Board of Revenue.
Madras.

Sir,

Adverting to Misc.o No.
8194 dated 11th December 1872, I have
the honor to refer you to my letter No.
2372 of 14th September 1872 and to Copy of
the Superintending Engineer's letter
accompanying it. Colonel Moberly
originally submitted an Estimate
for certain agricultural Repairs
for some groynes to be constructed
in the River at a Cost of Rs. 3280. This
was for a Groyne on the right
bank

Subsequently, of Government Order
No 627 of 18th April last Revenue Depart-
ment, Colonel Drury told me he
became aware that there was an
available balance under "Naval Stores"
and therefore proposed that the
Estimate for the Graving Dock
be met from that balance. As they
will enrich of more Earth work and
Stone, it seemed done that it
could be charged that head.
