Proceedings of the Madras Government, Public Works Department,
21st August 1873.

No. 350. Read the following endorsement of the Inspecting Engineer for Civil and Military Buildings, dated Chepauk, 4th August 1873, No. 865:—

From Lieutenant-Colonel J. GODDARD, R.E., District Engineer, Presidency, to Colonel E. A. FOORD, R.E., Inspecting Engineer for Civil and Military Buildings, dated Fort St. George, 10th June 1873, No. 1,607.

I HAVE the honour to submit, for your approval and eventual submission to Government for sanction, a plan and an estimate, together with abstract and specification report, amounting to Rupees 280, for extending the photographic room of the Revenue Survey Office at Chepauk, which have been prepared at the request of the Superintendent of the Revenue Survey and approved of by that officer.

2. The extension of the photographic room now estimated for is represented to be most necessarily and urgently required by Colonel Priestly, as considerable inconvenience is now experienced from the want of sufficient length in the room, and he is thus unable to perform the reduction of the village maps from the 16th to the 1-inch scale, which is necessary for the compilation of taluq maps.

3. The estimate provides for everything necessary and the rates are sufficient and reasonable, and no supplementary works will hereafter be required.

4. Funds may be granted from the Reserve at the disposal of Government under the head Civil New Provincial.
