Proceedings of the Madras Government, Public Works Department, 24th March 1873.

No. 567. Read the following Proceedings of the Madras Government in the Judicial Department, dated 19th February 1873, No. 263:—

From the District Engineer of Madura, to the Secretary to Government, Public Works Department, dated Madura, 4th February 1873, No. 4,738.

I HAVE the honour to submit, for the sanction of Government, the accompanying plans and estimates, for the two works noted in the margin, prepared at the request of the Collector of Madura, and to state that I have, in anticipation of the sanction of the estimates, authorized the Range Officers to commence the works at once in order to complete them before the close of the current official year, and I trust that this course will meet with the approval of Government.

One estimate for constructing a treasury-room in the Taluq Cutcherry at Maylur. Rupees 355.
One plan of do. do.
One estimate for constructing a cook-room to the Subsidiary Jail at Teroochooly. Rupees 115.
One plan of do. do.

2. I take the opportunity to mention that I have already, in my letter No. 4,633, dated the 27th ultimo, applied for an additional grant being sanctioned, during the current official year, towards carrying out the above-mentioned two services.

REFERRED to the Judicial Department.

FORT ST. GEORGE,
10*th February* 1873.

(Signed) G. W. WALKER, Colonel, R.E.,
Secretary to Government, P.W.D.

THE work (which appears to be already in progress) is sanctioned.

2. Orders will be issued in the Department of Public Works to ensure the submission, with all plans and estimates for Civil Buildings, of some information as to the necessity for the work. This will be obtained in writing, by the District Engineers, from the officers who may call on them to prepare the estimates.

3. In the present instance a reference to the report of the Subsidiary Jail Committee in 1868, shows that some arrangement for accommodating the treasury would be necessary in carrying out the improvements recommended at Maylur, but the suggested arrangement was not such as is now being made, nor is there anything to show how the treasury has hitherto been lodged, or whether the Committee's proposals have been carried out.

Extract of paragraphs 84, 85 *and* 86 *of Chapter V. of Public Works Code.*

REVENUE.

84. When a Collector is of opinion that any new building, or any enlargement, or extensive alteration or improvement, of an existing building is necessary, he shall obtain from the District Engineer a rough or proximate estimate of the cost. — Preliminary estimate for new building.

85. If the proximate estimate be above 500 Rupees, he will submit it to Government through the Board of Revenue. Should the proposition be approved by Government, a detailed estimate, Forms Nos. 11 and 12, shall be prepared by the District Engineer, together with a plan, when a standard is not followed; and shall be forwarded, with the countersignature of the Collector, to the Chief Engineer who, after obtaining the approval of the Board of Revenue, when necessary, will submit them for sanction. — If over Rupees 500, how disposed of.

86. If the proximate estimate be within 500 Rupees, the detailed estimate shall be prepared with a plan, if necessary, without the previous permission of Government, and shall then be submitted for sanction with the countersignature of the Collector. — If under Rupees 500 how disposed of.
