ORDER THEREON, 28th January 1873, No. 201.

2. The huts detailed in the Deputy Traffic Manager's Report are understood
to be those which have gradually sprung up on the narrow strips of ground
between the high road and its fences, and on which the avenue trees are planted.
It is desirable that inquiry should be made in the Revenue Department as to the
authority under which these huts were constructed and on what tenure their
sites are held.
