27th February 1873.*

No. 186. Read the following Proceedings of the Board of Revenue, dated 18th. February 1873, Miscellaneous No. 1,018 :—

Read the following letter from the Acting Collector of Vizagapatam, to the Secretary to the Board of Revenue, dated 11th February 1873, No. 135.

I HAVE the honour to inform you that a slight shock of an earth-quake was felt here on the 24th January at 9h.-12m.-20s. A.M.; this was followed by two very slight shocks about 9 minutes afterwards, and another about 6 minutes later. The shock was sufficient to cause all the furniture in the houses and the roofs to rattle.

2. In the Northern taluqs of the district the earth-quake was not felt at all, and but slightly in Bimlipatam. Towards the south, however, its severity was much greater. Lumps of mud were in several places shaken off the walls in Survasiddy Taluq. At Rayada, in that taluq, the roofs of two small huts fell in, and in Survasiddy itself some old walls came down.

3. The shock seems to have been confined to the sea coast, and appears to have passed from north-east to south-west. At Narsipatam it was felt but slightly.

4. The time of the first shock was taken accurately in Vizagapatam time.
