Mudaram
2nd Eng. Clerk

1. Prices - As detailed above.
2. Water supply - Abundant.
3. Rain fell as detailed below
4. Stations Days Inches Cent.
5. Employment - Employment is available and no emigration.
6. Health - 80 persons are suffering fever at Ganjam. Dengue is prevalent at Berhampur. Fever at Parla Kuniidi and Russlecondah and small towns and there about Berhampur and Cuttack.
7. Deaths have been reported from Cuttack at Parla Kuniidi and Berhampur.
8. Cattle-disease - Cattle disease prevalent at Ganjam and Parla Kuniidi.
9. Fodder - Abundant.
10. Crops - Superior paddy has been reaped and superior paddy is being cut here and there. It is feared that the paddy crop will suffer some damage from want of water in a very few localities, the dry crops are on the whole in a good state. Horsegram, Lamp Oil, and Gum Rags are germinating.
