,, ,, ,,	1390	,,	27th January	1873.

RESOLUTION.—It having been brought to notice that the distribution of plants and shrubs from the several Botanical Gardens was restricted by the high rate of freight (4th class) charged for their conveyance by railway, the possibility of lowering the rate was suggested to the various Companies. The Governor-General in Council is now glad to observe that the Companies noted on the margin have agreed to reduce the rate to the 2nd class, and the Great Southern of India Railway Company even to the 1st class; all consignments being carried at the owner's risk.

Eastern Bengal Railway.
East India Railway.
Sind, Punjab and Delhi Railway.
Madras Railway.

2. The Great Indian Peninsula Railway Company has agreed to carry plants and shrubs on the payment of—

(1).—A minimum charge at 2nd class rate, as for three tons per truck used at owner's risk; or

(2).—3rd class rate for actual weight, also at owner's risk; or

(3).—4th class rate on actual weight, at the Company's risk.

3. The Oudh and Rohilkhand Railway Company is prepared to adopt the same terms as have been accepted by the authorities of the other railways with which that Company books through.

ORDER.—Ordered, that a c
