Proceedings of the Madras Government, Revenue Department,
11th March 1873.

No. 102. Read the following letter from the Officiating Under-Secretary to the Government of India, (Financial Department,) to the Secretary to the Government of Madras, dated Fort William, 20th February 1873, No. 1,188 :—

In reply to your letter No. 118, dated 29th January 1873, I am directed to say that the contribution of 20 per cent. required under Section 35 of the Civil Pension Code should be paid by Mr. Lee-Warner, with all arrears, so long as he is employed in the management of the Ramnad Estate. This contribution is quite independent of the 4 per cent. payable by a Covenanted Civilian on account of his pension.

No. 103. Order thereon, 11th March 1873, No. 291.

Miscellaneous.

The instructions of the Government of India will be carried out by charging the estate with a sum equal to 20 per cent. of Mr. Lee-Warner's salary, to have effect in arrear from the date of that officer's entering upon his present duties.

I am doubtful whether
this matter is of sufficient
consequence to make a reference
to the Secy of State necessary
& the Supreme Govt should
not be troubled
P.S.

Chapter VII, Civil Pension Code,
provides that where officers are
subject to rules &c. Municipal &c
&c, they shall pay Govt one fifth
of the salary they get from their employ
-ers - in return for which the Govt accepts
the charge of his pension & his absentee
allowances.

2. Mr Lee Warner, when he Ramnad
estate was attached for arrears, was put
in charge of it - The Govt of India has repeatedly
told us to get hold of 20 per cent of
his allowances as manager of the attached
property. We may stick it on to the debit
side of our account with the Estate -
Price may in lieu of assigning him 1000
as at present, & assign him 1200, &
make him hand over the extra 200.

3. We have endeavoured to show that the
Chapter does not apply - that this
State service, not service under a private
employer - that such a charge after the
Zamindar will not bear the light.

4. But all in vain; we are now directed
to deduct 20 per cent of his salary in
arrears. If this is to be done, we must of course
charge the Estate in arrears. This seems the

But I would
rather let the
Estate
remain as well
as possible.
But I would
rather let
the Estate, as
it is unsatisfactory
unprincipled

^better course - If his salary
is normally raised, he will
have to pay Civil Fund & Annuity
rates on it, & thus be actually
out of pocket.
