MADRAS RECORD OFFICE

GOVERNMENT OF MADRAS

Revenue DEPARTMENT

G.O. No.	33	Press
B.P. No.		Mis.
Dated	7. 1. 1873	196 .

Not to be folded or roughly handled

Memo on Current N^o 3025.

1. The Maps forwarded by the Superintendent of Revenue Survey with the above mentioned letter are lithographed Copies of Maps of the one mile radius of eight Railway Stations in the Malabar and Tanjore districts. The originals of these Maps were prepared by the local engineer authorities, and were before Government in the

26th April 1872 N^o 677 para 2. G. O. marginally noted.

7th Aug^r 1872 N^o 1168.

13th Jan^r 1873 N^o 39.

28th June 1871 N^o 1117 para 3.

2. As to the particulars to be shown in these Maps, the first order on the subject directed that they should show "what land is in the possession of private parties, and what in the possession of Government."

27th July 1871 N^o 1207 para 3. 3.

A second order left it to the discretion of the Engineer to "exclude details where parts of towns come within the radius, merely indicating the boundary of the town buildings and of the radius," as "what the Government require is a survey of land available for occupation."

30th Nov^r 1871 N^o 2029 para 2. 4.

A third order observed that "the 'Government waste,' i.e. all unoccupied land

at the disposal of Government, and not only. "Immemorial waste," should be distinguished as one main object in calling for the maps was to facilitate the disposal of applications for laying out the neighbourhood of Railway Stations".

5. In a recent order, the Government, in forwarding to the Superintendent of Revenue Survey the Nancherla Railway Station map, which was prepared by the District Engineer of Trivellore, desired that it might be colored in the same manner as the specimen map of the Trivellore station, all unoccupied land being shown".

6. Of the eight maps now in question, one gives no particulars whatever as to the land within the radius; the reference in that map being merely:

Village site.
Rail. road.
Metalled road.
Sea.
Sand.

7. The other seven maps show, besides "Village site" &c., the undermentioned particulars:

Irrigated land.
Unirrigated land.
Unoccupied land.

* Shoranore.
Kootipuram.
Tiroor.
Negapatnam.
Khevalore.
Needamungalam.
Kardachery.

27th May 1873 N. 255

* Negapatnam.

* One of the seven shows also.

Approved in G.O. 20th Nov. 1871 N. 2029.

Assessed Waste and Compounds. In these seven maps, "Irrigated land" is shown in green, and unirrigated land in Burnt Sienna as in the specimen map of the Trivellore station. "Unoccupied" land is left uncolored, while in the Trivellore map such land is colored lake. "Assessed Waste and Compounds" in the Negapatnam map is, like "Unoccupied land", left uncolored.

May the following Official Memo be sent?

N. 173. Official Memo.

With reference to the letter from the Superintendent of Revenue Survey dated 22nd Sept. 1873 N. 2275/99, forwarding maps of the one mile radius of eight Railway Stations in the Malabar and Tanjore districts, the undersigned has the honor to return these maps, and to request that the land shown in seven of them as "unoccupied" may be colored lake, as was done in the specimen map of the Trivellore station.

The undersigned has also to point out that the maps of the Perungudy station gives no particulars whatever as to the land within the radius, as required by the orders of Government marginally noted, and he requests that the
