Sir,

1. In reply to Miscellaneous Proceedings

refer you to the extracts minutes of Consultation

¹⁵⁸⁷ dated 15th December 1855 No. 155 paragraph 3 from
the Proceedings of Commissioners
Northern Circars which it will be seen that, though Mr.
Alexander has no right to the Stones, they were
made over to him "on the understanding that
they are a gift on the part of Government."

2. As directed in the following para
(4) drawings were taken of these Stones and
were forwarded to the Museum with a

In their order under
date 4 Dec 1852, the Govt
while expressing their approval
of the Board's proposals
that endeavours should
be made to secure for
the Museum, two carved
stones at Maulipatana,
desired that enquiry
should be made regarding
other similar stones which
formerly had been in
the same locality.

The Col^l. reported
that he could not as

catana where Mr. Alexander
was, to whom the ^{two} stones
had been made over by
Govt. but mentioned nothing
of the other stones. The
Govt. then desired to know
what evidence there was
to show that any of the
stones had been given
to Mr. Alexander.

It now appears that
three of the marbles, as
they are styled in the
Museum correspondence,
were given to Mr. Alexander
in 1855, on his returning
as he seems to have

to give up the remainder,
and that all except
these three, as well as
others obtained at Amara
-wanti, by the Hon. And. Coler,
were sent to the Museum
at Madras, and thence
shipped to England in
1859.

It is proposed that
to record the present
