ENCLOSURE No. 1.

No. 89. *Extract letter to M. Nanquette, dated 9th June* 1871.

I AM directed by His Grace the Secretary of State for India in Council to acknowledge your obliging letter of the 23rd May, in which, in reply to the letter from this Department of 11th of May, you inform me that you will receive the six young men who went to Hagenan in March 1870 and will provide them with instruction by the College Professors from August next till October 1872, and that, as that instruction must necessarily be of an entirely special kind and give much occupation to the Professors, they will consent to receive such remuneration as H. B. M.'s Government may think fit to assign to them. I am directed by the Duke of Argyll in Council to accept this offer with thanks, and to acquaint you that, as you have left it to Her Majesty's Government to name the amount of remuneration, he will assign £50 as the sum to be paid for each student for these fourteen months' instruction. The young men will be directed to repair to Nancy by the 4th or 5th of August.

No. 90. *Copy of letter to Messrs. W. R. Fisher, C. Greatheed, E. P. Dansey, D. C. Hutchins, H. C. Hill, and F. B. Dickinson, dated 9th June* 1872.

I AM directed by His Grace the Secretary of State for India in Council to inform you that he has decided to accept an offer made by M. Nanquette, the Directeur of l'Ecole Forestúre at Nancy, by which he engages to provide special instruction among the College Professors for you in August next (although the regular class for your year will not be resumed till a later period). This special instruction offers the only means of completing your training sufficiently to enable you to take up your appointment and leave this country for India in October 1872. In consideration of the special character of the instruction, and the greater demand which it will make upon the time of the Professors, they will consent to receive a remuneration on account of it, and His Grace has fixed that remuneration at £50 (fifty pounds) for the fourteen months from August next till October 1872. As this expense was not expected by you, and you have had other fees to pay which, if your course of training had not been interrupted, you would not have had to pay in France, His Grace in Council will contribute £20 towards the amount in addition to the ordinary stipend payable to you half-yearly. You are to present yourself to the Directeur de l'Ecole Forestúre at Nancy on or before the 4th of August after completing the course of lectures at Edinburgh arranged for you by Dr. Cleghorn.

Extract letter to M. Nanquette, dated 9th September 1872.

I AM directed by the Secretary of State for India in Council to acknowledge the receipt of your letter, dated the 20th August, and to inform you that His Grace has adopted your recommendation that the Forest students at Nancy should receive the sum of £6 each to defray their extra expenses while studying the arrangements for the carriage of timber and the use of saw-mills.

Copy letter to M. Nanquette, dated 29th November 1872.

I AM directed by the Secretary of State for India in Council to inform you that the Accountant of this office has been instructed to forward to you the sum of £300, being £50 for special instruction given to each of the six gentlemen alluded to in the letter from this office, dated 9th June 1871, who have recently completed their period of study and received appointments in the Forest service in India, and £36, being £6 each for extra expenses incurred while studying arrangements for the carriage of timber, etc. I have been informed by Dr. Brandis that the other student, Mr. Gavin, paid to you the latter amount before leaving for India.

2. I am also directed to express His Grace's regret that any delay should have occurred in forwarding the first-mentioned amount to you, and a hope that no inconvenience has been occasioned by the circumstance.
