Proceedings of the Madras Government, Revenue Department,
15th January 1873.

No. 104. Read the following letter from the Acting Collector of Ganjam, to the Secretary to Government, Revenue Department, Fort St. George, dated Chetterpore, 2nd January 1873, No. 11 :—

With reference to the Government Order No. 1,069, dated the 17th July last, Revenue Department, I have the honour to inquire whether, as the year 1872 has expired, it is the intention of Government that the fortnightly telegrams on the state of season should be discontinued. Our prospects are in every respect as favourable as could be desired, and the necessity which led to the transmission of these telegrams being no longer in existence, it seems on general grounds unnecessary to make special reports. I am not sure, however, whether "the year" referred to in the order quoted above is intended to apply only to that which has just closed.

No. 105. Order thereon, 15th January 1873, No. 51.

Miscellaneous.

It is observed that by G. O., 12th September 1871, No. 1,583, the five stations deliberately selected to supply these fortnightly telegraphic reports of rainfall and general prospects of the season were—

Masulipatam. | Kurnool.
Negapatam. | Trichinopoly.
Calicut.

Afterwards, owing to apprehensions entertained of scarcity in those districts, Ganjam, Vizagapatam, and Godavery were added to the list. Happily there is no longer any cause for uneasiness in those quarters, and these three additional reports may now be discontinued, it being clearly understood that the Government are to be kept duly informed, through the Board of Revenue, of all unexpected changes in the seasons and of all serious visitations of disease in whatever part of the country they may occur.
