G.O. No.	52	Press
B.P. No.		Mis.
Dated	10-9-1873	196 .

Not to be folded or roughly handled

*Proceedings of the Madras Government,
1st September 1873.*

No. 23. Read the following endorsement, Revenue Department.

Read the following Proceedings of the No. 17.

From O. B. IRVINE, Esq., Acting O.
J. GROSE, Esq., Secretary to
20th June 1873, No. 236.

DURING the last official year Rupees 1,000 were placed at the Collector's disposal for the settlement of claims on a Water Works Project, in accordance with which accompanied my letter to the Board of Revenue, dated 16th July 1873, No. 177.

2. The allotment of funds, however, close several claims remained unsatisfied, unexpended, lapsed to Government.

3. I have now the honour to request that the Board will procure a re-allotment of this amount, in order to enable the District Engineer for funds, but was assured that the Board will be required for expenditure upon anything to spare for compensation claims in connection with the delivery of water.

4. I recently applied to the District Engineer for funds, but was assured that the Board will be required for expenditure upon anything to spare for compensation claims in connection with the delivery of water.

5. I may add that there are still claims in connection with the delivery of water, estimated that Rupees 5,000 more will be required for these. Assuming this to be so, and the balance of unsettled claims remaining undischarged, amounting to Rupees 16,212-11-5, it is probable that the sum which remained unexpended at the close of the official year will, if re-allotted, be sufficient to meet the claims in full.

SUBMITTED for the order of Government.
(A true Copy, and Extract.)

Public Works Department,

Acting Secretary to Government.

No. 24. ORDER THEREON, 1st September 1873, No. 2,177.

IRRIGATION, No. 3.

sum of Rupees 15,000, out of the current year's allotment for the Madras Water Works Project, to enable the payment to be made from time to time should the Collector be in a position to make use of the money. Funds furnished to the Civil Officers have been so frequently allowed to lapse, thereby causing inconvenience, that for the future the Government must restrict such advances to comparatively small amounts.

THE District Engineer, Chingleput, will in the first instance place at the disposal of the Collector of Madras a sum of Rupees 15,000, out of the current year's allotment for the Madras Water Works Project, to enable the payment to be made from time to time should the Collector be in a position to make use of the money. Funds furnished to the Civil Officers have been so frequently allowed to lapse, thereby causing inconvenience, that for the future the Government must restrict such advances to comparatively small amounts.

Proceedings of the Madras Government, Public Works Department.
1st September 1873.

2. The remarks contained in paragraph 15 of Deputy Collector C. Venkatesiah's letter, No. 39, of the 10th March 1873, appear to need explanation. It is there stated that for lands taken up for Railway purposes in the Madura District, the prices paid averaged from 254 to 68 times the annual assessment, and that for the Madras Water Works project 21 to 54 times the annual assessment were given. This subject will accordingly be referred to the Board of Revenue and to the Consulting Engineer for Railways for report.

SEPTEMBER.

Nos. 23-24

Compensation for lands taken up for Madras Water Works Project.—The District Engineer, Chingleput, directed to place at the disposal of the Collector of Madras a sum of Rupees 15,000, out of the current year's allotment for the Madras Water Works project, for the payment of claims for land compensation to be proceeded with, and the remarks of Deputy Collector C. Venkatesiah, relative to the prices paid for lands taken up for Railway purposes, referred to the Board of Revenue and the Consulting Engineer for Railways for report.
