No. 2,225.

Statement showing Increase and Decrease of Salt-sales (Home and Inland Consumption) in September 1872, compared with those in September 1871, for each District.

Districts.	Increase or Decrease in Indian Maunds.	Increase or Decrease in Rupees.	Explanation given by Collectors.
	IN. MDS.	RS.	
1. Ganjam...	— 6,342	— 12,084	The decrease is due partly to the heavy rains in the month, and partly to persons engaged in the Salt trade having turned their attention to agricultural operations in consequence of the favourable character of the season.
2. Vizagapatam...	+ 1,879	+ 3,758	The increase is attributable to the suppression of the illicit use of earth-salt.
3. Godavery ...	+ 312	+ 624	
4. Kistna ...	+ 7,624	+ 14,288	The increase is ascribable to the scanty rains in September last and to the impediments to traffic being consequently less.
5. Nellore...	+ 6,378	+ 12,882	The increase is chiefly due to the large demand at Kistnapatam where the salt under sale is of superior quality. The favourable state of the season for the traffic has brought down traders to the coast earlier.
6. Chingleput ...	+ 35,884	+ 69,364	Increase due to increased demand.
7. South Arcot...	+ 17,901	+ 35,802	The increase is attributed to the large demand at Merkanum, owing probably to the better quality of the salt sold there compared with that of the neighbouring division of Chingleput.
8. Tanjore...	— 1,982	— 3,124	A decrease appears, the sales in previous months having been large.
9. Madura...	+ 744	+ 1,478	
10. Tinnevelly ...	— 6,340	— 16,355	The decrease is due to the persons engaged in the salt trade having turned their attention to agricultural operations on account of the favourable nature of the season.
11. South Canara.	— 2,414	— 4,828	The decrease is due to the sales of September 1871 having been unusually high.
12. Malabar...	+ 2,272	+ 3,815	The increase is owing to the large sales to Palghat and Coimbatore merchants during the month.
Total...	+ 55,916	+ 1,05,620
