Mis.

Dated 8.8.1873

196 .

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
8th August 1873.*

Read the following telegrams :—

From Collector of the Kistna District, Masulipatam, to Acting Secretary to Government, Revenue Department, Ootacamund, dated 6th August 1873.

SEASON somewhat improving. Rain-fall 2.26 inches Masulipatam; 2.55 Repalli; at other stations very slight. Eight feet over anicut. Anicut channels flowing, and some tanks supplied. Ploughing and transplantation progressing. Standing crops and seed-beds improving in Bandar, Bezvada, Gudivada. Rain wanted elsewhere. Prices rising slightly. Mild kind of small-pox prevails; fever and guinea-worm reported; also cattle-disease. Pasture scarce. Dry fodder very scarce. Markets fairly supplied locally.

From Acting Collector of Kurnool, to Acting Secretary to Government, Revenue Department, Ootacamund, dated 6th August 1873.

2.54 inches of rain in Kurnool on four days. Rain also fell in Ramalkota, Nandikotkur, Nandial, and Sirwell, and agricultural prospects have somewhat improved. In the remaining four taluqs the early dry crops are fading from want of rain, and pasture is scarce. Prices generally high, and rising in some taluqs. Markets tolerably supplied, except in Markapur and parts of Ramalkotta. Fever and small-pox prevail in many taluqs to a small extent. Cattle-disease in parts of Ramalkotta, Pattikonda, and Cumbum. 1.5 feet of water yesterday over the Sunkesala anicut.

From Treasury Deputy-Collector of Tanjore, to Acting Secretary to Government, Revenue Department, Ootacamund, dated 6th August 1873.

RAIN at Negapatam decimal 9 inches; else where moderate. Freshes good. Supply to tanks scanty. Water over upper anicut—south branch 1 foot 2 inches; lower north branch 1 foot 1½ inches; south 1 foot 3 inches. Cultivation progressing. Standing crops good, except in three taluqs for want of rain. No harvest. Pasture insufficient. Markets well supplied. Prices inclined to rise. Public health good on the whole. Small-pox in some parts. Cattle generally healthy.

From Collector of Trichinopoly, to Acting Secretary to Government, Revenue Department, Ootacamund, dated 6th August 1873.

No rain, except slight showers in two taluqs. Water-supply generally sufficient. Condition of crops good. Cultivation of dry lands impeded by want of rain. Market-supply sufficient. Prices stationary. Public health good. Condition of cattle good. Pasture slightly deficient.

From Collector of Malabar, Calicut, to Acting Secretary to Government, Revenue Department, Ootacamund, dated 6th August 1873.

RAIN-FALL 3.10. Season unfavourable for wet cultivation on account of heavy rain. Supply of grain sufficient. Fever and small-pox slightly prevalent. Cattle healthy. Prices stationary. Pasture flourishing.

ORDER THEREON, 8th August 1873, No. 57.

COMMUNICATED to the Board of Revenue.

(True Extract.)

(Signed) J. STURROCK,
Acting Under-Secretary to Government.

To the Board of Revenue.
„ the Sanitary Commissioner.
„ the Chief Engineer for Irrigation.
„ the Inspector-General, Indian Medical Department.
