

*Proceedings of the Madras Government, Revenue Department,
18th January 1873.*

No. 129. Read the following letter from the Collector of Coimbatore, to the Secretary to Government, Revenue Department, Madras, dated 20th December 1872, No. 59 :—

REFERRING to G. O. No. 1,517 of 31st October 1872, Revenue Department, I have the honour to annex copy of letters from my Sub-Collector on the subject of the trees in Class B land, which in Perindoray Taluq have, but in Caroor Taluq have not yet, formally been taken over by the Revenue Department from the Great Southern of India Railway Company. Mr. Buick notices that the trees are of spontaneous growth, and not planted by the Railway Company, but are apparently of little value.

ENCLOSURE No. 1.

From D. BUICK, Esq., Acting Sub-Collector in charge, to the Collector of Coimbatore, dated Caroor, 16th December 1872, No. 369.

REFERRING to your foot-note to copy of Extract of Government Order No. 1,517 of 31st October 1872, Revenue Department, I have the honour to inform you that the B Class lands in the Perindoray Taluq have been formally surrendered by the Great Southern India Railway Company, and the charge of them has been assumed by the Revenue Department. The Company's officials therefore cannot re-enter on them without the permission of Government. It will therefore rest with Government to decide whether they are to be allowed to re-enter on them for the purpose of removing the Caroovalay trees standing on them, and if so, on what terms they may do so. Such of the trees as I have seen appear to be of trifling value, and no objection to their removal appears to exist.

ENCLOSURE No. 2.

From the same officer, dated Caroor, 16th December 1872, No. 270.

REFERRING to your foot-note to copy of Extract of Government Order No. 1,517 of 31st October 1872, Revenue Department, I have the honour to inform you that the B Class lands in the Caroor Taluq have not yet been formally taken over by the Revenue Department, and there is therefore no legal objection to the entry of the Railway officials on these lands for the purpose of removing the Caroovalay trees standing on them.

2. Such trees are of spontaneous growth, and were in no case, I think, planted by the Railway Company; and as these lands were only temporarily transferred for the provision of spoil banks, excavation of ballast, etc., the Company cannot of right lay claim to the trees now standing on them. Whether the Company can now remove them, and if so, on what terms, are questions which Government alone can determine.

3. On such of the lands as I have seen the trees are of trifling value, and no objection to their removal appears to exist.

No. 130. ORDER THEREON, 18th January 1873, No. 64.
