Proceedings of the Madras Government, Judicial Department,

14th April 1873.

Read the following papers :—

Letter from the District Judge, Cuddapah, dated 27th March 1873, No. 14.

Petition from certain inhabitants and officials of the District of Cuddapah, dated 5th April 1873.

ORDER THEREON, 14th April 1873, No. 581.

The Governor in Council resolves to refer these papers to the Sanitary Commissioner, with the request that he will as speedily as possible visit and report on the site proposed by Mr. Webster for the head quarters of Cuddapah District in lieu of the present station, which has become so notoriously and excessively unhealthy, and that he will take the same opportunity to ascertain from the Collector, Mr. Horsley, what place he would recommend for the purpose, and to visit and report on it also. The Government are very anxious that no avoidable delay should occur in disposing of the subject to which they attach great importance. Repeated references have been made to the Collector, to which, up to the present time, no response has been received. It would appear, however, from the above petition that he has manifested a preference for Masupett in the Royachoty taluq and distant some thirty miles from the line of rail, while Mr. Webster advocates Rajampett in the Pullumpett taluq and on the railway.
