PROCEEDINGS OF THE BOARD OF REVENUE, dated 24th June 1873.
Read the following letter from R. K. PUCKLE, Esq., Collector of Tinnevely,
to J. GROSE, Esq., Secretary to the Board of Revenue, dated Tuticorin, 23rd May 1873, No. 281:—

I HAVE the honour to forward my report on the Salt roads of this district for the year 1872-73.

2. In my letter, No. 441, dated 24th September 1872, I stated that these roads had been transferred to the Local Fund Board, with the exception of a length of three miles between Viziapatti and Kutanguli. No orders were received on this letter, so the needful new works and repairs, amounting to Rupees 5,600, were entered in the Imperial Petty Construction and Repair Budget for 1873-74. Three of the new works here entered were, however, completed last year, for which the Local Fund Board has refunded Rupees 3,770, and the District Engineer will refund Rupees 445, so we have actually money in hand to the extent of Rupees 9,825. If the Board think fit this can be transferred to the formation of a road to the new pans at Levingepuram, and to completing the Police huts at all the pans, for which estimates will be submitted immediately.

3. Three bridges were built last year, and the communication with the pans is easy in every case.

4. The Viziapatti and Kutanguli road, three miles in length, traverses red soil and will be planted with an avenue this year.

5. This particular three miles of roadway is in very fair order.

ENCLOSURE No. 1.—Estimate.

SUBMITTED to Government with reference to G. O., dated 2nd October 1865, No. 2,379, Revenue Department.

2. The Collector does not report the length of road required at Levingepuram new Salt pans, nor the probable expense of making it. This omission should be supplied.

3. The report of the condition of the roads is satisfactory.
