No. 137.

Miscellaneous.

Dated 16th July 1873, No. 737.

In the earlier of the orders above noted, the Government sanctioned grants of land, being made rent free for periods of five years, to persons willing to experiment for the improvement of indigenous cotton ; and in the later they authorized the concession of favourable terms for the reclamation of waste lands taken up for mulberry cultivation.

2. The earlier order was subsequently modified by order of the Secretary of State ; but it is believed that some action was taken under it, and the Government, with a view to bringing such experimental grants to a close, desire that the Board will furnish them, at an early date, with a concise account of the results that have attended the working of both orders.
