Statement showing Increase and Decrease of Salt-sales (Home and Inland Consumption) in April 1873, compared with those in April 1872 for each District.

Districts.	Increase or Decrease in Indian Maunds.	Increase or Decrease in Rupees.	Explanation given by Collectors.
	IN. MDS.	RS.	
1. Ganjam ...	+ 19,147	+ 38,534	The increase is attributable to there having been no sales at Ganjam and Womeravilly in April 1872.
2. Vizagapatam...	- 10,577	- 21,274	A large quantity of earth-salt was discovered last year near Kuppli and destroyed, and hence the sales of Government salt rose. This year, however, the illicit use of the former article has been resumed, and the Government revenue has fallen in consequence.
3. Godavery ...	+ 5,098	+ 10,196	The increase is due to there being sufficient water this year in the anicut-channels.
4. Kistna ...	+ 10,909	+ 19,418	The increase is mainly attributable to larger purchases by Brinjaries in April 1873.
5. Nellore ...	- 17,174	- 34,468	The decrease is due to the accounts for April 1873 having embraced the transactions of the month alone, while in April 1872 they included the transactions of the last eleven days in March also.
6. Chingleput ...	- 7,017	- 5,221	Not properly explained.
7. South Arcot...	- 3,444	- 6,888	The decrease is due to the obstruction to the traffic in consequence of the wooden bridge at Condadoo having been damaged.
8. Tanjore ...	- 37,140	- 71,520	The decrease is due to deficiency of stock at Negapatam and some other stations.
9. Madura ...	- 7,121	- 14,242	The decrease is attributable to the persons usually engaged in the salt-trade having taken to the grain-trade after the harvest.
10. Tinnevely ...	- 5,450	- 9,911	The decrease is due to the heavy rains in the beginning of the month.
11. South Canara.	+ 3,406	+ 6,354	No explanation is given for the increase.
12. Malabar ...	- 33,628	- 64,466	The decrease is due to wholesale sales having been made earlier during the current fasli.
Total...	- 82,991	-1,53,488
