Remarks.—The Puttadar of dry field No. 16 [illegible] s acres 9-10 assessed at Rupees 8-5. The portion to be taken up for public purposes is [illegible] res 1-31¼ assessed at Rupees 1-2-4. The land contains 100 babool trees, and is pierced by an i[illegible]tion channel and by a local road leading to the village of Bayavadi. During the settlement [illegible]e by the Collector of the taluq last year the Puttadar presented a petition praying that he m[illegible] be allowed to remove the babool trees which grow on the bank of the channel. On a personal i[illegible]pection of the spot it is found that the babool trees belong to Government, having been planted [illegible]em, a portion of the field was taken up for a channel and a portion utilized for the road ; but t[illegible]no compensation was ever given, though this took place many years ago. Considering that the [illegible] of the three portions occupied by the trees, the channel, and the road, has to be taken up for [illegible]urposes, the Puttadar's request has not been complied with, and he has been informed [illegible]he will be remunerated for the loss sustained by him.

The estimated value of the land situated in th[illegible]ighbourhood is reported to be 50 Rupees per acre, and the sanction of the Board of Revenue [illegible]the amount of compensation herein proposed, and which has been agreed to by the Puttadar, is [illegible]fore solicited.

In reply to your official memorandu[illegible]o. 706 of the 20th instant, I have the honour to inform you that the estimated [illegible]e of the land in question was shown in the statement to be Rupees 65-10-0, wi[illegible]reference to that of the surrounding lands at Rupees 50 per acre. The owne[illegible] the land, however, had incurred an expenditure of about 40 Rupees in planti[illegible]ome mangoe trees. For this reason an amount of compensation of 100 Ru[illegible], which he proposed, appeared to be reasonable.

From the same Officer, dat[ed] ..y, 19th July 1873, No. 236.

In reply to the Board's Proce[edings] ... Miscellaneous No. 3,729, of the 17th ultimo, I have the honour to inf[orm] ... that the land taken up for the road referred to is acres 0 cents 75, and ...nsation to be paid for it, at Rupees 50 per acre, is Rupees 37-8-0. This ...ebited to Local Funds, the remainder 62-8-0 to Imperial.

In these papers the Collector ...ds the grant of compensation, amounting to Rupees 100, to a ryot in ...pa of the Bellary Taluq, whose lands, measuring acres 1-31½ and containin ...e mangoe trees, were taken for public purposes.

2. The land is now occupied ...y by a road, partly by a channel, and partly by babool trees planted on beh[alf] ... Government. The Collector has valued it at Rupees 50 an acre, and recom[mends] ... the payment of Rupees 40 as the value of the mangoe trees which stood on i[t].

3. The area covered by the roa[d] ...hree-fourths of an acre, and the compensation due at the valuation fixed b[y] ...e Collector is Rupees 37-8-0. This is accordingly sanctioned from the Roa[d] ...nd Reserve of the Bellary Circle.

4. The sanction of Governme[nt] ...ill be solicited for the payment from the Imperial Funds of the remainder, vi[z.] ...upees 62-8-0, being the compensation due on lands occupied by the channel an[d] ... babool trees and the value of the mangoe trees on them.
