From

W. M. Dhar Esq^{re}
Ag. Collector of Madras

To

J. Grose Esquire
Secretary to the Board of Revenue
Madras.

Sir,

I have the honor to submit for sanction a revised Estimate for Rupees 5740 for cutting a new Channel from the Sea to the Salt pan at Mathuraganadapatam, for supplying water for the manufacture of Salt (item N^o 50 on the list of Original works for 1873-74 under Salt Contingencies), in lieu of the Estimate for Rupees 2170, sanctioned in G. O. dated 14th May 1868 N^o 1339.

2. The line of the channel as originally proposed passes one half of its length thro' high sand banks and is therefore liable to be closed up during the prevalence of the Southern winds. The head of the channel is not protected by any barrier from the surf, and it is apprehended that the channel

church, which he filled up and set out
 charges annually for a long time. In these
 circumstances the estimate was revised.
 Madras Collectors Office. I have been

 The estimate is now revised.

Submitted to Government with the recom-
 mendation of the Board that the estimated
 amount of the estimate be sanctioned. The
 Collector does not appear to contemplate the
 possibility of finishing the work during
 the current year, as he budgeted for 1874
 more than that already sanctioned.
