Proceedings of the Madras Government
Read the following:-

Proceedings of the Madras Government, Military Department,
5th April 1873.

Read the following papers:—

No. 75. From the Inspector General of Ordnance and Magazines, to the Secretary to Government, Military Department; dated Fort Saint George, 27th February 1873, No. 352-G.

I have the honor to represent that some little inconvenience is at present experienced by the occupants of the Ordnance Lines, in consequence of the position of the railed gates in those lines.

2. These gates are now between the cook-houses, and servants and others requiring to go out of the lines to the bazaars have to make a long detour to find their way to the main gates in the front of the lines.

3. It has, therefore, been suggested that the gates be removed from their present position and placed on the rear fence of the compounds of the quarters which will then open at once on to the road.

4. A reference was made to the Barrack Master on the subject, and I now submit an approximate estimate of the cost of the work, aggregating Rupees 65, which I beg to recommend may be sanctioned for execution by the Department Public Works.

No. 76. From the Inspector General of Ordnance and Magazines to the Secretary to Government, Military Department; dated Fort Saint George, 31st March 1873, No. 391-G.

I have the honor to acknowledge receipt of your memorandum,* and to forward a sketch plan showing what alterations it is proposed to make in the

* Dated 1st March 1873.

position of the railed gates in the Ordnance Lines.

2. From this plan it would appear it is intended that the gates should open outwards, into the road. This I consider to be objectionable, as the gates would thereby be liable to damage, and would, moreover, obstruct the thoroughfare, if at any time left open.

3. With the exception that the gates should open inwards, the alterations appear advisable and necessary.

No. 77. ORDER THEREON, 5th April 1873, No. 1196.

Approved, the gates to open inwards as proposed by the Inspector General of Ordnance and Magazines.

(True Extract.)

(Signed) A. C. SILVER, Colonel,
Secretary to Government.

To the Public Works Department, with three enclosures.
" Inspector General of Ordnance and Magazines.

Exd. J. E. Cashart.
