Proceedings of the Madras Government, Revenue Department,

***11th August* 1873.**

No. 61. Read the following Proceedings of the Board of Revenue, dated 9th July 1873, No. 1,232 :—

In continuation of their Proceedings, dated 6th June 1873, No. 948, the Board wish to add to the considerations suggested by the expenditure on District Posts and therein recorded certain further remarks on that subject.

2. Collectors by their hearty co-operation may much hasten the time when lines which have for their terminus a cusbah station of a taluq shall be harmoniously worked by the Imperial Department and a well-organized rural distribution shall surround each of these cusbah stations. The assumption of management of the District Post in some districts by the Postmaster-General has not relieved Collectors of the duties which they alone are qualified to perform, of pointing out what lines shall be maintained that so the district may best be served.

3. The Board see reason to believe that if Collectors and the Postmaster-General are instructed to discuss the scheme of each district, corresponding direct, much delay and unnecessary references will be saved, and they would advocate this course being prescribed in future. The results of such consultation should, of course, be reported in each case to the Government and to the Board of Revenue.
