ACCOUNT, No. 35.

THE Collector of the Kistna will be called upon to explain why the greater part of the funds provided in G. O. of the 10th January last, No. 87, for the payment of land compensation, was not disbursed to the persons from whom the land was taken up, before the close of the last official year, and the Revenue Department will be requested to issue such instructions as may be necessary to ensure for the future, in the Kistna and other districts, greater attention to the prompt utilization by Civil Officers of funds provided for this and similar purposes, the sanction for such funds having far too frequently been allowed to lapse.

2. The District Engineer should have suggested the Loan Fund works from which the transfer of the sum noted below, as needed to be disbursed for land compensation, could most conveniently be transferred. In the absence of any
