No 212. 26th August 1853.

From

To
The Honorable D. Arbuthnott
Collector of Tanjore.

Sir

I have the honor to forward herewith for your consideration and orders a report received from the Sahsildar of Shealy Taluq regarding the cultivation of the lands belonging to the late Muthukumarasamy Rowthen Munda Naiken of Vittangudi.

x Dated 23d Instant No 58 with 3 enclosures (to be returned)

2 It appears that all the dry lands belonging to the Estate are being cultivated this year by the same Parakudies who cultivated them last year on Pattukat or rent.

3. But

3. Out of 182 Velies of wet land about 21 Velies alone are cultivated with Car crops by the Porakudies. There has not been any arrangement whatever made for the cultivation of the remaining extent of 161 Velies. Nor is there any Paddy at hand for seed and for advance to the cultivators.

4. Muttusami Kannaw and others, Mirasidars of adjacent villages offer to cultivate the lands for the usual Varam (share in the produce) if money is advanced to them at the rate of 15 Rupees per Veli. The amount can of course be eventually recovered from the Varam due to them under bonds that will be taken from them.

5th The Tahsildar recommends that this proposal be accepted as there are no other means of securing the cultivation of the lands for this year and requests early orders for the grant of Rupees 2500 on

on the whole as the cultivation season is far advanced.

Act. Secretary to the
Board of Revenue
Madras.

Sir,

I have the honor to acknowledge the receipt this day, of the Proceedings of the Board of Revenue dated 27th Ultimo, and to forward copy of a letter received from the acting Head Assistant Collector regarding the cultivation of the lands of the late Muttu Kumaraswami Rowthen alunda Nainar of Vettangudi in the Shelly Taluq.

The deceased proprietor appears to have made no sort of arrangement with the Pyrakudies for the cultivation of the lands belonging to the Estate, and although

although the season is far advanced no steps have as yet been taken for commencing cultivation operations. There is moreover now no paddy available for seed, and the work could not therefore be done by means of Pavatchies.

Under these circumstances Mr. Weld proposes that Muttusamie Nainan and three Mirasdars of the adjacent Villages who offer to cultivate the lands for the usual varam, if money be advanced at the rate of Rs. 15 per Velli, should be allowed to do so.

No other arrangement is just now possible considering the advanced state of the cultivation season, and I beg therefore to recommend that the offer be accepted and Rs 2,500 be sanctioned from the Public Treasury, which will be recovered from the sale proceeds of the next harvest.

If the lands should remain uncultivated loss would ensue not only to the Estate but also the Public Revenue.

In view to obtaining the early orders of the Board of Revenue I have this day despatched to your address the following telegram.

"Board's Proceedings twenty seventh ultimo.

Two thousand five hundred Rupees have to be paid from Public Treasury for cultivation of lands Vettanpudi Estate, Shealy Taluq, to be recovered out of this year's harvest or loss to the Public Revenue and Estate income. Urgency preping. Reply by telegram requested."

The orders of Government referred to in the Proceedings of the Board of Revenue quoted at the head of this letter and which the Board have requested should be communicated to me direct by telegram have not yet been received. —
