Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 19th April 1873.

No. 317. Read the following letter from the District Engineer, Coimbatore, to the Secretary to Government, Public Works Department, dated Coimbatore, 27th March 1873, No. 264 :—

With reference to G. O., No. 111, of 15th November 1872, I have the honour to forward plan, specification, and estimate, amounting to Rupees 12,800, for erecting a Sub-Collector's Cutcherry at Erode on the standard design.

1 Plan.
1 Estimate, No. 68 of 1872-73.
1 Specification.

2. I regret that the estimate could not have been submitted at an earlier date in order that an allotment of funds might have been made and the work commenced in the current official year, but there was delay on the Irrigation Range Officer's part in submitting the estimate, owing to a difficulty I believe in taking out the proper quantities from the plan, and since its receipt in my office, on the 15th instant, I have had to revise it throughout.

3. In the statement which I forwarded on the 8th March, showing the sums which I proposed to spend with the approval of the Collector next year on Taluq Cutcherries, etc., I entered an approximate estimate for this building, and requested that a sum of Rupees 10,000 might be allotted for its construction. Government may not be able to allot this amount, but we shall be able to expend a large sum with advantage, as skilled workmen have been trained on the Taluq Cutcherry and Subsidiary Jail lately erected at Erode.

No. 318. Order thereon, 19th April 1873, No. 1,136.

CIVIL WORKS, No. 35.

The estimate of Rupees 12,800 is sanctioned.

2. The question of the provision of funds will be considered hereafter.

(True Extract.)

C. Gunther Colonel, R.E.,
Secretary to Government.
