SIR,—In forwarding the accompanying extract from the report of the Superintendent Government Botanical Gardens, Ootacamund, for the year 1872-73, relative to the experimental cultivation of the Ipecacuanha plants at Burliar, I am directed to invite the attention of the Government of India to the letter from this department, dated 13th June 1872, No. 937, requesting that this Government may be favoured with a further supply of plants when available.

I have the honour to be,

PARAGRAPH 28. *Ipecacuanha.*—The plants continue to make satisfactory progress, but our stock-plants are so few in number that their propagation is consequently very slow. I think it very desirable that the cultivation of this plant should be encouraged and fostered in suitable localities in the Presidency. I feel confident that, with care and attention, they could be successfully cultivated at Burliar. I would recommend that 100 healthy plants be obtained from England or Bengal. A temporary propagating house might be erected, and an experienced propagator placed in charge, and, with careful cultivation and a regular system of propagation, the experiment would result in success.

Proceedings of the Madras Government, Revenue Department,

10th September 1873.

No. 74. Read the following Proceedings of the Board of Revenue, dated 21st August 1873, No. 1,626 :—

Read the following letter from H. E. SULLIVAN, Esq., Acting Collector of South Arcot, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Villapuram, 24th July 1873, No. 265 :—

In forwarding, herewith, copy of a letter from the Sub-Collector, dated 19th instant, No. 415, I have the honour to request sanction of the Board for an annual payment of Rupees 4-14-9 to the Taliary of Vilakapady, in Virdachellum Taluq, as therein requested.

Enclosure No. 1.

From A. L. LISTER, Esq., Acting Sub-Collector, to H. E. SULLIVAN, Esq., Acting Collector of South Arcot, dated 19th July 1873, No. 415.

I have the honour to report that the Taliary Maniem land, Cawny 0-14-0, assessed at Rupees 4-14-9, in field No. 190, in Vilakapady Village, Virdachellum Taluq, was in the waterspread of the village tank when its bund was repaired in 1870. There is no waste land available in the village to be granted as compensation, and the ryots are unwilling to have land in their holdings assigned.

2. I therefore request that you will be good enough to get sanction for the payment of Rupees 4-14-9 annually to the Taliary out of the beriz of the village.

(True Copy.)

(Signed) H. E. SULLIVAN,
Acting Collector.

The Board resolve to submit this application for the favourable consideration of Government.

2. The Collector recommends that Rupees 4-14-9 should be paid annually to a Taliary whose maniem land was rendered uncultivable by a tank improvement in 1870. There is no waste land which can be granted in compensation, and the villagers object to the assignment of the revenue on any portion of their lands to the Taliary.

No. 75. Order thereon, 10th September 1873, No. 970.

Miscellaneous.

As there is no land which can be granted in compensation for the injury done to the Taliari Maniem land, the Government sanction the annual payment of Rupees 4-14-9 to whomsoever may be the holder of the office.

(True Extract.)

(Signed) R. A. DALYELL,
Acting Secretary to Government.
