Proceedings of the Madras Government, Revenue Department,
16th September 1873.

Read the following papers :—

No. 121. From W. R. CORNISH, Esq., F.R.C.S., Sanitary Commissioner, in charge of the Census Office, Madras, to the Hon. W. HUDLESTON, Chief Secretary to Government, dated Bangalore, 18th August 1873, No. 367.

HAVING had to get a map prepared for the Municipal Town of Madras to accompany the Town Census report, my Manager Mr. Clark, of the Census Office, at my desire, went to the Revenue Survey Office, and desired Mr. A. Barren, Head Draughtsman, to get one prepared in his office, giving him necessary instructions as to the manner in which it was to be prepared. Mr. Clark and myself were under the impression that this would be treated as Government work and executed accordingly. But Mr. Barren now sends a bill for Rs. 96 for the work, the same having been done at his private press (*vide* his letter* submitted herewith).

*To be returned with the bill.

2. I have now the honour to request instructions of Government on the subject.

REFERRED to the Superintendent of the Revenue Survey for his remarks.

No. 122. From Colonel F. J. B. PRIESTLEY, Superintendent of Revenue Survey, to the Hon. R. A. DALYELL, Acting Secretary to Government, Revenue Department, dated Bangalore, 8th September 1873, No. 2,109-69.

IN compliance with the instructions contained in your endorsement, dated 22nd ultimo, on letter, No. 367, of the 18th idem, from the Sanitary Commissioner in charge of the Census Office, I have the honour to state that, on calling on Mr. Barren to explain why the map required by Dr. Cornish was lithographed at his private press, he submitted the enclosed explanation to the effect that the application being made verbally by Mr. Clark, Manager of the Census Office, he believed that it was intended he should undertake the work himself, as he was in possession of the engraved copper plate of the Town of Madras, published by Messrs. Pharoah & Co.; and that, had the intention been to have the work executed at the Survey Office, no such informal request would have been made, but an official application would have been sent to the head of the office to have the required map lithographed as Government work.

2. I see no reason to doubt his *bona fides* in the matter, and I think his explanation reasonable, as no lithography is undertaken at the Survey Office without my knowledge and approval. He has been the proprietor of a press for many years, and long before he entered the Revenue Survey Office. The price charged is not excessive for work done in a private press.

3. I have, however, pointed out to Mr. Barren that it is undesirable he should continue to own and work a private press, and he has, therefore, given up the management of, and all interest in, it.

No. 123. ORDER THEREON, 16th September 1873, No. 993.

Miscellaneous.

UNDER the circumstances reported by the Superintendent of the Revenue Survey, the Governor in Council sanctions the charge of Rs. 96 for maps of the Town of Madras prepared for the Sanitary Commissioner. The mistake has evidently occurred entirely in consequence of the informal manner in which application was made for the maps; but the orders issued by the Superintendent, directing Mr. Barren to discontinue his connection with the private press, will prevent any recurrence of such misunderstandings.
