Mr. J. Berrington
Government Entomologist
Ootacamund

D. J. Carmichael Esqr.
Secretary to Government
Revenue Department
Fort St. George. Madras

Sir,

I have the honour to express my thanks for the receipt of G. O. Revenue Department No. 61 of Jan.y 18.92 permitting me to leave that the Government are prepared to grant me six months leave on private affairs on learning the arrangements I propose for the conduct of work during my absence. The preparatory leave not exceeding 30 days, which I requested in my letter of Jan.y 3rd is not mentioned in the G. O.; and I am therefore still ignorant whether it will be granted.

The manufacture of amorphines quinine I propose shall be continued in my absence, under the kept Mr. J. Miller, as it will require at least six months to complete the work already in progress at the Manufactory. Before my departure I will see that the works are furnished with the necessary materials for continuing manufacture during my absence. The kept. like all

the lads educated at the Lawrence Asylum with whom I have been concerned, is truthful and trustworthy, though not especially intelligent. I request that if I proceed on my return that full pains have been taken during my absence, his pay may be increased from Rs 100 to Rs 110 per mensem.

I propose that the "paid pupil" Henry Hillier, who is a lad of considerable intelligence should be occupied from April to June inclusively, in determining by analysis the yield of bark supplied during the spring to the manufactory, for my subsequent comparison of the practical yield of the bark with the true amount of alkaloid it ought to supply. During the months of July and Augt he will go to Neddiriettums in order to learn the procedure of the manufactory. The writer Mr Bennet will remain in the office, in order to see to the despatch of anonymous enquiries to the Medical stores, to make out the monthly pay-sheets &c. and to answer enquiries.

Captain Morant, Executive Engineer Nilgiris has been good enough to say he will draw and forward pay to my subordinates during my absence. I have the honour to request that Government will be pleased to sanction this arrangement.

I have the honour to cite below the amount of pay and contingent allowance at present sanctioned by Govt for my establishment, for which & the money

Answer by Captain Morant will not exceed.
