Proceedings of the Madras Government, Revenue Department,
25th August 1874.

No. 229. Read the following Proceedings of the Board of Revenue, dated 15th August 1874, No. 2,272 :—

Read the following letter from W. McQUHAE, Esq., Collector of Madura, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 25th July 1874, No. 228 :—

WITH reference to the Board's Proceedings, Miscellaneous No. 4,424, dated 2nd July 1874, I have the honor to report that the boundary between Madura and Travancore ought certainly to be marked out. Although the watershed has been decided to be the boundary, there are numerous disputes which can only be settled by officers having the necessary authority from both Governments. No Revenue officer can be spared and, I think, the work would be best done by an officer of the Revenue Survey Department. The season terminates in the middle of February or beginning of March, and the time for working is therefore very short, for there is often much rain as late as December.

SUBMITTED to Government, with reference to G. O., dated 10th June 1874, No. 712, and in continuation of Board's Proceedings, dated 4th August 1874, No. 2,076.

2. The Board think that this portion of the line should be settled and demarcated by the party employed on the line between Tinnevelly and Travancore as soon as they have finished that part of the work.
