Proceedings of the Madras Government, Revenue Department,
27th August 1874.

No. 257. Read the following Proceedings of the Board of Revenue, dated 15th August 1874, No. 2,263:—

Read the following letter from KOTI SUBBA ROW, General Deputy-Collector, to G. D. LEMAN, Esq., Collector of the Kistna District, dated Vinukonda, 14th May 1874, No. 122:—

I HAVE the honor to state that Jammula Venkatappa, a ryot of Turumella, in the Narasarowpeta Taluq, seeks permission to form a charitable tank in 3 Acres, assessable at Rupees 3 of D. No. 231 of Acres 29[illegible] that village, which is unassessed Government waste, unfit for cultivation.

2. The site selected is by the side of the road leading from Guntur to Cumbum *via* Vinukonda, and the formation of a tank here would, no doubt, prove highly beneficial to travellers.

3. The tank proposed will be fed by the surface drainage of the fields surrounding, and also by a stream coming from Kompicherla. The applicant proposes to make a bund 150 yards long, 20 broad, and 6 high, and to spend, on the whole, Rupees 800 or so on the work. The surplus water will be discharged by an escape to be provided at the eastern end of the tank, and will find its way ultimately into the Government tank of Santamagulur. The tank will not affect any existing works, both private and public.

4. The applicant is in a position to undergo the expense, and has already spent some Rupees 50 in commencing the work in anticipation of sanction.

5. I have inspected the site of the tank, and found it to be well suited for the purpose. At a distance of about 500 yards from it, there are a charitable tank and a tope, by the side of the same road; but the villagers say that this tank, being absorbent, is not of much use to travellers. It is true it does not hold a good quantity of water.

6. Under the above circumstances, I beg that you will be good enough to obtain the Board's sanction for sub-dividing the land applied for, and for making it over to the applicant for the purpose intended.

No. 1,267.

SUBMITTED to the Board of Revenue, who are requested to accord their sanction for the sub-division applied for. As the land is not capable of cultivation, there can be no loss to Government.

MASULIPATAM, 27th July 1874.

(Signed) G. D. LEMAN, Collector.

THE Board resolve to recommend Government to grant the 3 Acres of land for a charitable tank.

No. 258. ORDER THEREON, 27th August 1874, No. 1,089.
