— PROCEEDINGS OF THE BOARD OF REVENUE, dated 18th August 1874.

Read the following Proceedings of the Madras Government, dated 26th June 1874, No. 792, Revenue Department:—

ABSTRACT.—*Sub-Court of Cuddapah in Suit No. 56 of* 1873.—Reviews report on decision of —; requests Board's opinion on the question as to whether land on which arrear has accrued should be *first* sold; directs to address High Court on certain point; and authorizes payment of costs.

THE revenue accounts of collections in this Presidency are kept with reference to each individual holding, but not with reference to each field comprised in the holding. The Board do not think that it will be possible without a vast amount of extra labor to open an account of payment for each field, nor do they think such an account would be useful. They, however, consider that the suggestion of Government can be carried out by a Standing Order being issued to the effect that lands alienated, though informally to others and not actually in the possession of the registered holder, should not be sold for arrears of revenue until all the registered holder's other lands and all his property are first sold, unless the arrear due is caused by the default of the alienee. Whether the lands to be sold are in the defaulter's possession or not can be easily ascertained from local inquiry, and whether the arrear is due by the registered holder or by the alienee on the portion alienated can be traced from the accounts, as the name of the individual making the payment is always recorded in the village cash *chittah*.
