MADRAS RECORD OFFICE

GOVERNMENT OF MADRAS

Rev. DEPARTMENT

G.O. No.	119	Press
B.P. No.		~~Mis~~
Dated	27 Jan	196 874

Not to be folded or roughly handled

No. 228. Read the following Proceedings of the Board of Revenue, dated 12th December 1873, No. 2,547:—

Read the following letter from R. K. PUCKLE, Esq., Collector of Tinnevely, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Nannagaram, 7th November 1873, No. 611:—

I HAVE the honour to report on the progress made in the settlement of this district during September 1873.

2. The accounts of the villages under the Tinnevely Channel on the north bank of the Tambrapurni, in the Tinnevely Taluq, were worked up with the following results.

3. *Village Boundaries.*—The villages under this channel are now twenty-three in number, formed by the amalgamation of fifty old villages, as under:—

Names of Settlement Villages.	Names of Jummahbundy Villages.	Portion merged.	Cultivated Area of Government lands.	Assessment.	Remarks.

21. Udayaneri.	49. Alangaraperi ...	All ...	477	698	
	50. Koppakurichi ...	All ...	573	2,356	

4. Grouping of Villages.—The twenty-three villages thus formed have been distributed for settlement purposes into two groups—the first comprises ten villages under the upper irrigation of the channel, mostly irrigated from the channel direct; the second comprises thirteen villages at the tail of the channel, mostly irrigated from tanks fed by the channel.

Proceedings of the Madras Government, Revenue Department,
27th January 1874.

5. *Classification of Soils.*—The soil is black loam throughout, except in four villages at the foot of the gravelly uplands, where the soil is red.

The following table exhibits the classification of the area supplied by the channel :—

CLASSIFICATION.		Area.
Class.	Sort.	
4	1	ACRES. 1,010
4	2	1,052
4	3	1,625
4	4	727
4	5	394
7	2	72
7	3	355
7	4	23
8	3	31
...	...	5,289

6. *Second Crop.*—The second-crop charge has been consolidated on 4,587 Acres of the 5,289 Acres now settled.

The assessment on the river-irrigated lands is as under :—

Rate.	Area.	ASSESSMENT			Average Assessment on the lands under the Tinnevely Channel per Acre.
		For a first crop.	For a second crop.	Total.	
RS. A. P.	ACRES.	RS.	RS.	RS.	RS. A. P.
12 0 0	813	9,764	...	...	...
10 8 0	863	9,060	...	...	...
9 0 0	969	8,737	...	...	...
7 8 0	1,253	9,393	...	...	...
6 0 0	943	5,673	...	...	...
4 8 0	448	2,018	...	...	...
...	5,289	44,645	20,514	65,159	12 5 0

7. *Rain-fed Tanks.*—There are no rain-fed tanks in this tract.

8. *Lands supplied by Baling.*—High-level lands supplied by baling from channels, or from channel-fed tanks or ponds, have been assessed at half the rate assigned to the block in which they are situated. The area thus rated is 31 Acres, assessed at Rupees 176.

9. *Garden Land.*—There are but 21 Acres supplied by lift from Government wells, and these have been assessed at Rupees 3½ an acre.

10. *Ordinary Dry Lands.*—The dry gravelly uplands above the channel have been classed in the lowest taram at 4 Annas an acre, but the dry lands intermixed

Proceedings of the Madras Government Revenue Department,
27th January 1874.

with the irrigation have been assessed in the class and sort assigned to the block in which they are situated :—

CLASSIFICATION.		Taram.	Rate per Acre.	Area.	Assessment.	Average per Acre.
Class.	Sort.					
4	2	4	RS. A. P. 1 8 0	3	5 0 0	...
4	3	5	1 0 0	31	31 0 0	...
4	4	6	0 12 0	21	16 0 0	...
4	5	7	0 8 0	138	69 0 0	...
5	5	9	0 4 0	34	9 0 0	...
7	3	6	0 12 0	3	2 0 0	...
7	4	7	0 8 0	4	2 0 0	...
8	5	9	0 4 0	3,740	946 0 0	...
...	...	...	...	3,974	1,080 0 0	0 4 4

11. *Palmyras.*—The charge on palmyras in the cultivated fields has been for the most part consolidated for a sum total of Rupees 357. This is the charge for palmyras only, and is over and above the taram assessment of the fields that the palmyras stand on. The fixed charge on the trees in each field includes the growing seedlings, and this has raised the assessment on the trees in the area thus settled by 38 Rupees per annum.

12. *Pasturage.*—About 135 Acres, assessed at Rupees 27, have been set aside as pasturage in one village; but in the rest, the uplands held on putta being only partly cultivated, afford sufficient grazing ground for the cattle.

13. *Building-sites.*—About 2 Acres, assessed at Rupees 9, have been added to the village building-sites where these were insufficient, and no puttass have been issued for any land or trees in the building-sites.

14. *Division of Common Lands.*—1,822 Acres hitherto held in common have been divided among forty-nine shareholders, and the sharing system has now entirely ceased in these villages.

15. *Transfer of Puttas.*—1,120 puttass have been transferred with the consent of the parties concerned.

16. *Results of the Settlement.*—The average total of the land assessment of these villages for the last five years is, deducting remissions for waste and withered crops, Chaturbagam, and Statakaval, Rupees 66,653, as per statement enclosed; the land assessment now fixed by settlement is Rupees 66,480; there is, therefore, a net reduction of Rupees 164.

4. Grouping of Villages.—The twenty-three villages thus formed have been distributed for settlement purposes into two groups—the first comprises ten villages under the upper irrigation of the channel, mostly irrigated from the channel direct; the second comprises thirteen villages at the tail of the channel, mostly irrigated from tanks fed by the channel.

5. *Classification of Soils.*—The soil is black loam throughout, except in four villages at the foot of the gravelly uplands, where the soil is red.

The following table exhibits the classification of the area supplied by the channel :—

CLASSIFICATION.		Area.
Class.	Sort.	
4	1	1,010
4	2	1,052
4	3	1,625
4	4	727
4	5	394
7	2	72
7	3	355
7	4	23
8	3	31
...	...	5,289

6. *Second Crop.*—The second-crop charge has been consolidated on 4,587 Acres of the 5,289 Acres now settled.

The assessment on the river-irrigated lands is as under :—

Rate.	Area.	ASSESSMENT			Assessment on lands under the Tinnevely Channel per Acre.
		For a first crop.	For a second crop.	Total.	
RS. A. P.	ACRES.	RS.	RS.	RS.	RS. A. P.
12 0 0	813	9,764	...	...	...
10 8 0	863	9,060	...	...	...
9 0 0	969	8,737	...	...	...
7 8 0	1,253	9,393	...	...	...
6 0 0	943	5,673	...	...	...
4 8 0	448	2,018	...	...	...
...	5,289	44,645	20,514	65,159	12 5 0

7. *Rain-fed Tanks.*—There are no rain-fed tanks in this tract.

8. *Lands supplied by Baling.*—High-level lands supplied by baling from channels, or from channel-fed tanks or ponds, have been assessed at half the rate assigned to the block in which they are situated. The area thus rated is 31 Acres, assessed at Rupees 176.

9. *Garden Land.*—There are but 21 Acres supplied by lift from Government wells, and these have been assessed at Rupees 3½ an acre.

10. *Ordinary Dry Lands.*—The dry gravelly uplands above the channel have been classed in the lowest taram at 4 Annas an acre, but the dry lands intermixed with the irrigation have been assessed in the class and sort assigned to the block in which they are situated :—

CLASSIFICATION.		Taram.	Rate per Acre.	Area.	Assessment.	Average per Acre.
Class.	Sort.					
4	2	4	RS. A. P.	ACRES.	RS. A. P.	RS. A. P.
4	3	5	1 8 0	3	5 0 0	...
4	4	6	1 0 0	31	31 0 0	...
4	5	7	0 12 0	21	16 0 0	...
5	5	9	0 8 0	138	69 0 0	...
7	3	6	0 4 0	34	9 0 0	...
7	4	7	0 12 0	3	2 0 0	...
8	5	9	0 8 0	4	2 0 0	...
...	...	...	0 4 0	3,740	946 0 0	...
...	...	...	...	3,974	1,080 0 0	0 4 4

11. *Palmyras.*—The charge on palmyras in the cultivated fields has been for the most part consolidated for a sum total of Rupees 357. This is the charge for palmyras only, and is over and above the taram assessment of the fields that the palmyras stand on. The fixed charge on the trees in each field includes the growing seedlings, and this has raised the assessment on the trees in the area thus settled by 38 Rupees per annum.

12. *Pasturage.*—About 135 Acres, assessed at Rupees 27, have been set aside as pasturage in one village, but in the rest the land is used for other purposes.

13. *Building-sites.*—About 2 Acres, assessed at Rupees 9, have been added to the village building-sites where these were insufficient, and no puttass have been issued for any land or trees in the building-sites.

14. *Division of Common Lands.*—1,822 Acres hitherto held in common have been divided among forty-nine shareholders, and the sharing system has now entirely ceased in these villages.

15. *Transfer of Puttas.*—1,120 puttass have been transferred with the consent of the parties concerned.

16. *Results of the Settlement.*—The average total of the land assessment of these villages for the last five years is, deducting remissions for waste and withered crops, Chaturbagam, and Statakaval, Rupees 66,653, as per statement enclosed; the land assessment now fixed by settlement is Rupees 66,489; there is, therefore, a net reduction of Rupees 164.
