No. 243. Read the following Proceedings of the Board of Revenue, dated 7th September 1874, No. 2,——

Read the following letter from W. S. FOSTER, Esq., Acting Collector of the Godavery District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Cocanada, 19th June 1874, No. 185 :—

REFERRING to paragraph 10 of my letter of the 18th instant, No. 184, I have the honor to forward, herewith, the compensation statement for Zemindari lands taken up for Public Works. The extent of land taken up is 80 A. 19 C., bearing an assessment of Rupees 216-0-3, and belonging to six Estates.

2. The Proprietrix of Juggumpeta prays that 151 A. 40 C., assessed at Rupees 153-10-8, in a Government village may be given to her in exchange for her land (41 A. 87 C., assessed at Rupees 138-14-0) taken up ; but in accordance with the Board's Proceedings of the 14th April last, No. 849, I have proposed a reduction of peishcush for her lands as well as for the lands of other Zemindars.

3. I request that sanction may be obtained for the reduction of the peishcush of the following Estates :—

Estates.	Present Peishcush.	Amount to be reduced from the Peishcush.	Net amount of Peishcush payable for the future.

The last Estate is part of Nuzivid Zemindari, in the Kistna District, and its peishcush is demanded in that district. The present peishcush is given with reference to the entry in the printed list of Estates circulated by the Board, and I do not know whether any alterations have been subsequently made. This can be ascertained in the Board's Office.

4. In one of the cases entered in the accompanying statement, it will be observed that in A. 0 C. 52, assessed at Rupees 1-0-1, pits have been dug by the Department Public Works for gravel required for road from Peddapur to Juggumpeta. It has been certified that the land will not be fit for cultivation for twenty years. I have therefore proposed that this land should also be compensated in a permanent form by way of reduction of peishcush.

5. Compensation in money has been provided for in estimates of some of the roads for which the lands in question were taken, and I do not see why the Government should compensate these lands by reduction of peishcush, which is, as if it were, compensating from the Imperial Funds, whereas the charge properly belongs to Local Funds. But as this is allowed in all similar cases I have proposed the reduction of peishcush.
