*Proceedings of the Madras Government, Public Works Department,
14th March 1874.*

No. 359. Read the following letter from Major J. N. HUNTER, R.E., District Engineer, Salem, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Yercaud, 24th February 1874, No. 165:—

In reply to the order of Government, under date the 14th February 1874, No. 364, I have the honour to report, for the information of Government, that the repair to the Subsidiary Jail at Oosoor has been completed in January 1874, and the repair to the Denkanikottah Sub-Jail will be completed by the end of this month.

2. As regards the Cutcheries at Pennagaram and Womalore, I beg to state that the estimate of Rupees 15,980 for the former work has been sanctioned in G. O., No. 139, of 23rd March 1871, and an expenditure of Rupees 5,205-3-2 has been incurred up to 31st January 1874. The plans and estimates for the latter work were submitted for sanction of Government with the late Superintending Engineer's letter, No. 143, of 20th November 1869. They have been returned by the Inspecting Engineer for Civil and Military Buildings on the 16th February 1874, in order that the recent orders of Government may be carried out which require the addition of verandahs and the omission of hospital.

No. 360. ORDER THEREON, 14th March 1874, No. 705.

CIVIL WORKS, No. 38.

RECORDED, and communicated to the Revenue Department in continuation of J.O., No. 364, dated 14th February 1874.

2. The estimates for the Womalore Cutcherry, prepared in 1869, will now apparently require revision as to rates and this should be attended to by the District Engineer in re-submitting them. Information regarding the Pennagaram Cutcherry was neither called for nor required; but information regarding a Cutcherry at Kistnagherry was called for, and has yet to be supplied.
