*Proceedings of the Madras Government, Public Works Department,
20th April 1874.*

No. 231. Read the following Proceedings of the Board of Revenue, dated 9th February 1874, Miscellaneous No. 851 :—

From W. S. FOSTER, Esq., Acting Collector, Godavery District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Camp at Tanuku Taluq, 30th January 1874, No. 17.

REFERRING to paragraph 5 of my letter, dated the 20th December 1874, No. 395, on the subject of appointing the District Engineer as Supervisor under Section 9 of the "Canals and Ferry Act 1870," I have the honour to request that the Board will move the Government to notify the appointment. The District Engineer complains of the serious interference of sunken vessels with traffic from navigable canals, and there should be some one authorized to remedy the evil.

2. A copy of my letter above quoted was sent to the Government with my letter of the 6th January 1873, No. 1, disposed of in Government Order, dated the 4th March 1873, Public Works Department, but they did not take notice of my proposal. The rules, also, have not been published in the *Fort Saint George Gazette* as required by Section 23 of the Act.

SUBMITTED for the orders of Government.

2. The Canal Rules have been published in the *Fort Saint George Gazette*, but without any "title" to show what district they apply to.

(True Copy and Extract.)

(Signed) J. GROSE,
Secretary.
