*Proceedings of the Madras Government, Revenue Department,*
*5th November* 1874.

No. 32. Read the following Proceedings of the Board of Revenue, dated 30th October 1874, No. 3,141.

Read the following letter from J. H. GARSTIN, Esq., Collector of South Arcot, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Cuddalore, 28th October 1874, No. 551 :—

I HAVE the honor to report, for the information of the Board and Government, that a very heavy fresh came down the Pooniar and Gudilam rivers on the 26th instant. It rose a few inches higher than the flood of the 7th May last, and I regret to say that both the bridges over those rivers have been damaged.

2. One of the piers of the Pooniar Bridge has sunk a few inches, causing a depression in the parapet, and I believe cracking one of the arches, while a crack has been developed in the parapet close to the northern approach. I fear the three northern arches of the bridge will have to be re-built.

3. In the Gudilam bridge, a crack or two in the road showed that there had been subsidence somewhere. No material damage is at present apparent, but I have little doubt that on examination it will be discovered that there has been some subsiding of the foundation below where the cracks appeared.

4. Considerable damage to the young wet cultivation has, I fear, been done. The road to Pondicherry has been badly breached, and it is very difficult to get round the breaches.

5. I will report further on receiving detailed reports of damage done.
