No. 82. Read the following Proceedings of the Board of Revenue, dated 23rd October 1874, No. 3,081:—

Read the following letter from W. D. HORSLEY, Esq., Collector of Cuddapah, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Kanalmudgu, 25th September 1874, No. 219:—

THE Sub-Collector's Cutcherry at Madanapalli has been found to require extensive repairs, for which an expenditure of Rupees 4,820 is required. The whole of the roof, the upper part of the walls and the verandah are to be removed.

2. The building as it stands consists of three rooms, one behind the other, with a verandah running round three sides of it. The Sub-Collector's room and Court-house (for only one room is available for revenue and magisterial work) measures 20 feet by 18 feet. Behind it is the Clerk's room, measuring 16 feet by 18 feet, and behind that again is the record-room of the same dimensions as the Clerk's room. On each side of the record-room, and occupying a portion of the verandah, is a room for the Police and stores, each room measuring 16 feet by 7 feet 9 inches.

3. It will be seen that the accommodation is very limited for a Sub-Collector's Office, and I suggest that either an entirely new Cutcherry be built according to a standard plan, if there is such a plan, or that the present building be enlarged. If the latter course be adopted, at least two additional rooms are required, one for the Sub-Collector, and another for the Sheristadar. The present Police and store-rooms are little better than small bath-rooms. The verandahs should not be thus occupied, and larger rooms for the Police and stores should be added to the main part of the building. The only room now available as an office-room for the Sub-Collector and Joint-Magistrate should be larger, and should be properly furnished as a Court-room with a raised and railed-off bench.

4. The Assistant Superintendent of Police has, at present, a very incommensurate office in the village of Madanapalli. As it is very necessary that a suitable office should be built for him, I suggest that additions should be made for the purpose to the Cutcherry, or that a separate building for a Police Office should be erected in the Cutcherry compound.

5. The plan and estimate sent to me by the District Engineer for counter-signature provide solely for the repairs of the Cutcherry without alterations of any kind. I have asked him to consider my proposals before submitting the work, as at present contemplated, for the sanction of Government.

SUBMITTED for the orders of Government.

2. The Board observe that the Sub-Collector is drawing extra tentage so long as he is excluded from the Cutcherry, and they recommend that sanction be at once accorded for such repairs as will render the building water-tight and fit to be re-occupied by the Sub-Collector.

3. The Board are of opinion, that when this has been done, it will be time to consider the advisability of adding to the present Cutcherry as proposed by the Collector.

Miscellaneous.

THE Governor in Council desires
that the Board will ascertain and report
the cost of making the present building
simply safe and water-tight.

2. The cost of repairs is put down at Rs. 4,820. No information is given of the
original or present value of the building or the date of its construction. From G. O.
28th November 1862, No. 2,500, Revenue Department, it would appear that it was
not in existence twelve years ago.

No. 629. Read the following endorsement of the District Engineer, Cuddapah, dated Cuddapah, 30th September 1874, No. 1,261:—

From W. D. HORSLEY, Esq., Collector of Cuddapah, to Colonel A. S. MOBERLY, R.E., District Engineer, Cuddapah, dated Kandlamadgu, 25th September 1874, No. 183.

With reference to your letter No. 1,103, dated September 10th, 1874, I have the honor to send you a copy of a letter which I have written to the Board of Revenue on the subject of the Sub-Collector's Cutcherry. Before I add my signature to the plans and abstract estimates herewith returned, I beg you will take into consideration the proposals I have made to the Board, adding thereto any improvements which may suggest themselves to you.

From W. D. HORSLEY, Esq., Collector of Cuddapah, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Kandlamadgu, 25th September 1874, No. 219.
