No. 147. Read the following Proceedings of the Board of Revenue, dated 5th November 1874, No. 3,179 :—

Read the following letter from G. VANSAGNEW, Esq., Collector of Nellore, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 12th October 1874, No. 2,319 :—

IN accordance with G. O., Revenue Department, dated 26th November 1873, No. 1,306, communicated with Board's Miscellaneous No. 8,252, dated 2nd December 1873, the Deputy-Tahsildar of Polur has to visit Sriharicottah twice a month or three times in two months.

2. I reported at the time, and the Board informed the Government that the whole arrangement would entail no extra expense except the building of a second class Cutcherry at Kota. I also stated that in the dry weather that part of the lake north of the island of Venad is dry and can be crossed by carts, and in the wet season communication between Sullurpett, the Deputy-Tahsildar's head-quarters, and Sriharicottah would be by boat.

3. I was under the impression that the Deputy-Tahsildar would have no difficulty in hiring a boat for each trip.

4. The Deputy-Tahsildar now reports that it is only for two or three months in the hot season that the land route is feasible, and for the rest of the year it is necessary to use a boat. He represents that he finds it exceedingly difficult to hire boats when he wants them, that especially in the monsoon he requires a top-boat, and that this sort of boat is never obtainable, and he requests that he may be furnished with a top-boat at the public expense.

5. I think, under the circumstances represented, it is very necessary that his request should be sanctioned, and I have the honor to recommend it for the favorable support of the Board.

6. A top-boat may, I believe, be purchased for about Rupees 150, and two boatmen would be required to work it. One boatman would have to be permanently retained to take care of the boat, and a second man might be hired on occasions, and the charge debited by the Deputy-Tahsildar to contingencies.

SUBMITTED for the favorable consideration of Government.

Miscellaneous.

THE Governor in Council is of opinion that sufficient grounds have not been shown for the expenditure proposed by the Collector. It seems probable that an arrangement could be made with some boat-owner on the Canal to furnish a boat when required.
