*Proceedings of the Madras Government, Revenue Department,
2nd December 1874.*

No. 30. Read the following letter from E. F. HARRISON, Esq., Officiating Secretary to the Government of India, Financial Department (Accounts), to the Chief Secretary to the Government of Madras, dated Fort William, 20th November 1874, No. 6,658 :—

In acknowledging the receipt of your letter No. 1,216, dated the 25th September 1874, and its enclosures, I am directed to state that the Governor-General in Council is of opinion that, as far as the action of the Board of Revenue is concerned, the system now in force in Madras for the examination of conservancy and working charges of the Forest Department should be maintained.

2. The Accountant-General is to be considered as authorized to pass all charges for forest conservancy and working which may have thus been approved by the Board of Revenue. I am, however, to add that the Governor-General in Council is unwilling to direct that the audit of the Accountant-General should be confined to an arithmetical check.

Copy forwarded to the Accountant-General, Madras, for information and guidance.

By order, etc.,

But something that, as far as
 the North is concerned, the system was in
 force for generations. Africa & the new way of
 working always showed its own tendency, and the
 new South American countries are following it. It is
 something that is general in the North, but the new
 South American is what is different from the old South
 American.
