No. 41. Read the following Proceedings of the Board of Revenue, dated 2nd November 1874, No. 3,144 :—

Read the following letter from the Hon. D. ARBUTHNOTT, Collector of Tanjore, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 22nd September 1874, No. 301 :—

With reference to the Proceedings of the Board of Revenue, dated 22nd May 1871, No. 2,112, I have the honor to

they and the deceased husband of Amba Bayi Ammal are descended from a common ancestor, one Sethu Pandit. Among these claimants, T. Venkasami Row is the Sheristadar of my Office, T. Kristna Row, the Deputy-Collector, Cuddappah, and T. Gopal Row, Acting Principal, College, Combaconum.

2. I beg to forward, herewith, a copy of a genealogical table handed over to me by my Sheristadar, which shows the descent of the claimants from the common ancestor. The names of these persons are entered in red ink in the table.

3. They state that the table has been made out from a genealogical tree in the possession of one of the members of the family to which they belong, and from other family papers in their possession. These papers, it is alleged to show the descent down to their great grand-father of T. Venkasami Row, and that the rest is easily provable by the evidence of living witnesses.

4. I see no reason to distrust these statements. It is of course a question for the Courts to decide whether or not the descent of the claimants and the husband of Amba Bayi Ammal from a common ancestor has been established by sufficient evidence, but I certainly think that the relationship which they claim is very probable.

5. All these persons, I understand, intend to prosecute their claims to the Estate. The principal reason for their not having as yet instituted a regular suit to recover the property appears to be that the several sharers are living in different places and have found it difficult to come to a definite arrangement among themselves regarding it; and that most of them being poor, the more substantial among them will have to bear, or at all events to advance, the whole cost of the litigation. I beg to forward a statement given by my Sheristadar on the subject. I believe that they are earnest in their intention to prosecute their claims to the Estate.

6. I must here mention that an application was made by the claimants to the Civil Court for possession of the Estate under Act XIX. of 1841, but it was * rejected

* Copy of Order enclosed. on the ground that the relationship set up was not of such a clear and unequivocal nature as to justify summary proceedings under that enactment, and the parties have been directed to establish their claim by instituting a regular suit.

7. Adverting to G.O., dated 6th July 1871, No. 1,163, I beg to state that Subbusami Panditor, the man who was in possession of the Estate, has died and the Estate has passed to his son. A formal notice was served upon Subbusami Pandit, calling upon him to surrender possession of the property, but he did not comply with the requisition. In a petition presented to Mr. Barrows, the late Acting Head-Assistant Collector (a translation of which I enclose), he stated that he and his heirs have been appointed by the late Amba Bayi Ammal to manage her Estates applying the profits to the maintenance of the several charities set on foot by her during her lifetime, and to the performance of daily, monthly, and annual acts of worship at various temples, and that he performed the funeral rites of the late Amba Bayi and continued to perform her periodical ceremonies as well as those of her deceased husband, and that he could not without sin surrender the trust which had been imposed upon him. In the same petition he also alluded to a written will, and when questioned regarding it by Mr. Barrows, explained it to refer to a document which purports to be a general power of attorney. I enclose a translation of this document. Power is given thereby to Subbusami Pandit in particular, to register six deeds of gift of immovable property made in favor of several persons by Amba Bayi and to do all that was necessary in the Tahsildar's office for getting the Merassi register altered in accordance with those deeds, and in general that Subbusami Panditor and his heirs for ever should manage all her affairs and should faithfully conduct all the charities already existing and should hereafter be instituted by her, and should transmit all business connected with the Courts, and connected with the execution of bonds and the taking of ponds from others, and should in fact do every thing in connection with the Estate that might be proper and necessary. This document has been registered, and is regular in all respects.

8. It is, however, clear that this document can in no way help the party in possession, the late Amba Bayi having had no power whatever to make the alienations or to devote the property to charitable or other uses to the prejudice of the right of the dayadis to succeed to the inheritance, and failing them, to that of Government to claim the Estate as an escheat.

9. This being so, it seems to me that supposing that the relationship to the late Amba Bayi, which the claimants allege, is established, it follows that they are entitled to the Estate, there being no nearer relatives* and that they intercept the rights of Government to claim the property as an escheat; and, as they

appear to have apparently a good title and intend to assert it, I do not think that any immediate action on the part of Government is necessary or can lead to any useful results. To prevent, however, the matter being lost sight of, the Collector might be called upon to report each year whether the aspect which the case has in the meantime assumed, has rendered any action on the part of Government necessary, and if the claimants should give up their claims or if the Courts should decide against them, a suit may be filed on behalf of Government. The period of limitation for the suit does not expire till February 1883.

10. I beg to be favored with the Board's instructions on the subject.
